

THOUSANDS FLEE FROM HOMES STORM TAKES TOLL IN MINNESOTA

5 ARE KNOWN DEAD; FOREST FIRES RAGING

Heat and Storms Combined to Cause Deaths of Several in Two States

REPORT RANGERS LOST

Rumored That Several Are Entrapped By Fires in The North Woods

REPORT RANGERS LOST
St. Paul, June 20.—Unconfirmed reports reaching the office of Orr today stated that nine men, presumably forest fire fighters, have been lost near Ely Lake, shut in on all sides by fires in the National reserve, according to advisers received at the state forestry headquarters here today.

St. Paul, June 20.—Storms and fires took a heavy toll of property damage and lives in Minnesota and northern Wisconsin, according to reports received here today.

Five known deaths, three attributed to heat and two to storms, were reported in Minnesota. No estimate of the property damage caused by the storms was available, but it was believed it would be several hundred thousand dollars.

Two men died in Minneapolis after being overcome by the heat. In St. Paul one man hanged himself on account of ill health aggravated by the heat. The maximum temperature here yesterday was 82.

At Duluth Charles Anderson, 35, and an unidentified man were drowned during the storm when the wind blew the rigging of the boat to which they were clinging into St. Louis Bay.

A terrific wind and rain-storm caused considerable damage in the region of the Iron Range in northern Minnesota. The wind reached a velocity of 80 miles an hour at Duluth.

Four men were hurt, two seriously, when a roof collapsed on them at Duluth. On Minnesota Points trees were uprooted and small buildings blown away.

A threatening forest fire was reported in the Barrens, between Ashland, Wisconsin, and Iron River, and assistance was asked from Ashland. Reports from Cornucopia were that fires there were beyond control. The section is partly settled.

HEARS OF NO DEATHS
Ely, Minn., June 20.—Echo Lake, where nine men are reported lost in forest fires, is near Buick, a "quite ranger station," but wires to that point were down today as the result of yesterday's storm. Supervisor Dahlgren of the Superior National Forest at Ely talked to his ranger at Buick at 4 p. m. yesterday. The national forest ranger has 100 men there. He knew nothing of any loss of life.

THE WEATHER

For Bismarck and vicinity: Showers probably tonight and Thursday. For North Dakota: Showers probably tonight and Thursday. Cooler southeast portion tonight.

General Weather Conditions

Showers fell in Montana, North Dakota, Minn. and northern Iowa during the past 24 hours and fair weather prevails in the lower Mississippi Valley and over the middle and southern Plains States. The precipitation was light and scattered in western and northern North Dakota. Temperatures are quite high in the Mississippi Valley and Great Lakes region.

Road Conditions

The roads throughout the State are generally in good condition, but very slippery in places due to recent rains.

FEEL EARTH SHOCK

Rome, June 20.—A slight earthquake was felt at Pisa at 9:25 o'clock this morning. The early report made no mention of damage.

The Star-Spangled Banner was written by Francis Scott Key in 1814.

Autos Plunge Into Crowded Street

A freakish accident occurred in an uptown New York street, just off Broadway, when two automobiles tumbled out of the second story window of a garage. Passing crowds returning from theaters narrowly escaped death when a mechanic tried to move one machine and it rammed into another so hard that both were propelled through the window. Picture shows the first machine overturned and the second lying on its side.

OFFER END OF RESISTANCE IN RUHR VALLEY

German Employers and Employees Make Propositions For End of Struggle

Elberfeld, Germany, June 20.—Passive resistance will be abandoned in the Ruhr valley on eight conditions, one of the most important of which is indemnification by the French and Belgians for all products of private industry which have been seized, says a memorandum to the Berlin government reported to have been drafted here by representatives of the employers and employees authorized to act in the matter.

Other stipulations are the removal of the Franco-Belgian railway administration, the return of all persons deported, and the release of those persons imprisoned, the renunciation of all measures of force, the nullification of all restrictive control, methods, the restoration of telephone and telegraph service and the indemnification of all wounded and the families of those killed.

Dusseldorf, June 20.—The French are preparing to confiscate and requisition a force of Germans to operate all the Ruhr valley industries, the output of which may be turned to the account of reparations. A decree to this end is in the course of preparation and will be promulgated in a few days.

WORK HOURS REDUCED

Dusseldorf, June 20.—The industrial crisis is becoming more acute here. The working hours have been reduced from 24 weekly to 16 in many plants.

MILITARY RULE IS AUTHORIZED

Atlanta, Ga., June 20.—Governor Hardwick today signed an order authorizing Adjutant General Cope to establish military rule at Savannah where a mob threatened the jail early today to capture a negro held on a charge of attacking a white woman, in the event the situation demanded such action.

A twenty-one-story skyscraper will soon occupy the site of old Ft. Dearborn.

BLUE-EYED SLAYER OF INSURANCE MAN HELD MAN IN WOMAN'S CLOTHES

Police Hold Fred G. Thompson Who Is Alleged to Have Lived A Dual Role For Many Years—Widow of Man Killed Identifies Him As Robber and Slayer

Chicago, June 20.—The alleged slayer of Richard Tesmer, wealthy Chicago insurance man, is in jail today—not the blue-eyed girl bandit whom the police expected to find but a man who for 13 years has lived the dual role of man and woman. In all of this time he was the legal "wife" of the man in whose home he was arrested yesterday although there is nothing to indicate that "she" has band had been deceived by the masquerade.

Attired in one of his regular feminine costumes his honed wig showing wisps of the fashion's bobbed hair after the latest millinery creations, he was taken immediately before Mrs. Tesmer even before the identity was established.

The widow of Tesmer who has scrutinized scores of suspects said without faltering that he was the person dressed as a woman who shot her husband down after robbing them of a trifling amount with the aid of a male companion.

The suspect called himself Fred C. Thompson and Mrs. Frances Parick, denied all knowledge of the slaying and said he would be able to prove an alibi.

NEW ROAD TO RIVER BRIDGE IS ACCEPTED

State and Federal Engineers Inspect Highway, and Take It From Contractors

FINE BRIDGE APPROACH

First Link in Paved Highway Which May Lead From Penitentiary to Mandan

The concrete road leading from Main street to the North Dakota Liberty Memorial Bridge has been formally accepted from the Haggart Construction Company, after inspection by S. R. Shurtz, senior highway engineer, U. S. Bureau of Public Roads; W. G. Black, chief engineer of the state highway commission; and J. A. Wallace, commission construction engineer.

The acceptance of this road marks the completion of the first concrete highway in Burleigh county, and from the east end of Main street to the bridge is provided the longest stretch of paved highway in this section of the state. The plans were to eventually continue the paving east to the penitentiary.

Participation by the federal government and the Northern Pacific railroad in the project lessened the expense to local taxpayers, since half the total cost was paid by the government and railroad.

The total estimated cost of the project was \$74,000 as shown by the highway commission. The grading cost was put at \$10,000 and the paving \$42,000. Of this the government paid 32 percent while Burleigh county paid 61 percent, this division being because the government does not allow more than \$20,000 a mile on concrete roads, a figure set some years ago before the cost of concrete road making increased materially.

Removes Grade Crossing

The underpass which removes the grade crossing between Bismarck and the bridge cost \$16,000, and emergency and contingency allowance was \$6,800, bringing the total to \$22,800, according to records of the state highway commission.

Federal aid to the extent of \$29,000 was provided, and the Northern Pacific paid \$8,000 of the underpass cost, the government paying the remainder on this.

The road, an 18-foot concrete roadway, has also gravel "shoulders" on either side of three feet in width, and is designed with a maximum grade of four percent. The concrete is 8 inches in the center and 7-1/2 inches thick on the side.

The traffic between Mandan and Bismarck since the opening of the North Dakota Liberty Memorial Bridge has exceeded the expectations of most people, and the need of a good road between the two cities. It is hoped by Morton county to eventually pave from Mandan to the new bridge, giving a six-mile paved highway between the Twin Cities of the Slope.

Another Underpass

It was expected that Morton county would be able to make arrangements to let paving contracts this year, but this now is doubtful. However, the Northern Pacific railroad has taken a step toward removing one of the greatest objections to the highway on the west side of the river. It agreed to build an underpass. Bids will be received July 6.

The underpass will allow cars to pass under both the main line and north line tracks east of Mandan. To do this it will be necessary for the railroad to raise tracks a distance of several hundred feet either way from the underpass. The crossing will be at the juncture of the main line and north line tracks. The cost of this underpass has been estimated at \$75,000.

The work of completing the gravel highway from the bridge to Mandan is progressing slowly. The extreme eastern end of Main street, Mandan, is now torn up in the rebuilding process. It is expected the gravel highway will be completed this year.

The concrete highway from Bismarck to the bridge was provided for by the board of county commissioners with a membership as follows: E. A. Patterson, C. A. Swanson, Victor Moynier, Grant Palm, C. L. Malone. Easement for the right-of-way was given by Cant. L. P. Baker. A bill was pushed through the legislature in 1921, one of the purposes of which was to make it possible for the concrete highway expected between Bismarck and Mandan to be lighted by the prison electric lighting plant, and thus greatly reduce the cost of maintenance.

Morton county dedicated the highway between Mandan and the bridge as a soldiers' memorial, and trees have been planted along the route of the new road.

ELECTRICAL STORM HITS TELEPHONES

Some Lines Put Out of Commission in This Section by Last Night's Storm

MANY HEAVY SHOWERS

Rain Is Reported Generally in This Section of State in Last 24 Hours

Severe thunder storms occurred in many sections of North Dakota last night, according to reports received here.

The lightning in Bismarck put a number of telephone lines out of commission, and trouble also was reported southwest of here to Flasher as a result. No reports of barns or houses being struck had been received today.

Pargo reported a severe storm there and in the southeast part of the state about 3:30 o'clock this morning, which was accompanied by heavy rain and some hail, but no extensive damage had been reported.

Jamestown reported a heavy thunderstorm last night with almost an inch of rain, the weather station there reporting 3.5.

Several other points in the state also reported heavy showers and inundations were today for showers again.

Rains of the last three days have relieved tension existing in many quarters regarding crops. Reports of persons in close touch with conditions indicate a "spotty" situation with respect to crops at this time.

The four corners of the state are in wonderful shape, according to O. W. Roberts, weather observer here. Crops in the vicinity of Bismarck, have improved greatly, he said. The Shoshone and James River valleys also are in excellent shape.

The poorest crops in this section

are the stubbled in wheat fields. Other fields are in much better shape. Some stubbled in grain is heading out short.

S. W. Derrick, superintendent of the Soo line here, said that crops generally are pretty good on his division, except for winter rye. More rain this week is necessary in some sections. Rain last night covered the South Soo territory pretty well, but did not extend north of Wilton. The rain the previous night, which had been reported extending as far as Russo and Max did not go beyond Washburn, he said.

Beach Satisfied

J. C. Taylor of the International Harvester Co. said that in telephone conversation with a Glendive representative this morning he was told that crops in extreme western North Dakota and eastern Montana were in splendid shape, and that crops in that section looked the best in many years. Dickinson had a good rain last night.

Conditions over the entire Slope are said to be better outside of Morton and Burleigh counties, but these counties received good rains the last two days. The Killdeer line crops are in good shape, according to reports to the International Harvester Co.

Fewer Hail Claims

Predictions of lighter hail loss this summer than last year is made by Martin Hagen, manager of the state hail insurance department.

There have been 418 loss claims made to the state department to date this year, which is 732 less than the number on the same date last year. The loss claims of 1923 were boosted Monday by receipt of 104 claims, most of them from Stutsman and McHenry counties.

A hundred and fifty additional claims were reported this morning, these from Bottineau, Pierce and other northern counties. Two hail losses have been reported in Burleigh county, these around Regan.

Livestock Conditions

The report of the U. S. Bureau of Crop Estimates, Grand Forks, on livestock conditions as of June 1 follows:

"Reports from stockmen in North Dakota on June 1 show on the whole much improvement in pasture condition, a slight improvement in range condition, no change in condition of cattle and a small gain in condition of sheep as compared with averages of these inquiries a month ago. Condition of pastures on June 1 was 86 per cent of a normal or a gain of 10 points over May 1; ranges 88 percent or a gain of 4 points; cattle 88 percent or no change from preceding month; sheep 91 percent or a gain of 2 points. The effect of the late spring has not been entirely offset yet in case of cattle condition which, however, will not reflect an improvement or decline as quickly as pastures and range reports. Sheep appear to be in a generally excellent condition. The big improvement in (Continued on Page 3)

NORTH DAKOTANS FIGHT FOR PRICE AID TO WHEAT GROWERS AT CHICAGO CONFERENCE; TAKING ACTIVE PART

FIERY CROSS NEAR LISBON

Lisbon, N. D., June 20.—A considerable flurry of excitement was caused here late one evening last week when a large cross was observed by the residents of Lisbon burning on the top of one of the highest hills just north of the city. It is not known whether the cross was due to the activity of the Ku Klux Klan or some practical joker.

R. G. CATRON, FORMER STATE OFFICIAL, DIES

Succumbs at Cottage on Lake Dorset, Minnesota, From Tuberculosis

HAD SOUGHT HEALTH

Resigned as Deputy Commissioner, Agriculture and Labor, To Go To Lake

Robert G. Catron, 32, former Deputy Commissioner of Agriculture and Labor, died at Dorset, Minnesota, this morning according to a telegraphic message received by Commissioner of Agriculture and Labor J. A. Kitchen from Mrs. Catron today. He will be buried in Jamestown Friday.

Mr. Catron had been seriously ill for several weeks, with tuberculosis, although his death at this time came as a shock here. Following an attack of influenza last winter Mr. Catron failed to recover his health and several weeks ago he resigned his state position, effective June 1, and with his wife went to a cottage near Dorset, Minnesota.

During their residence here since Mr. Catron assumed the deputyship following the recall election in October, 1921, they had made many friends in Bismarck.

Mr. Catron was 32 years old, having been born in Edgar county, Illinois, in 1891, of American parentage. He was educated in the public schools of Westfield and Westfield College, took a commercial course and specialized in political economy and history, and taught in the Denison, Iowa, Normal for several years. He settled on a farm six miles north of Jamestown a few years ago, and married Miss Hilda Broderick in 1911.

Mr. Catron was president of the Midway township school board, Stutsman county, chairman of the township supervisors and a member of the Stutsman County Republican Central Committee. He was appointed deputy commissioner of agriculture and labor on November 23, 1921.

The office of Commissioner of Agriculture and Labor will be closed Friday as a tribute to Mr. Catron and several of those in the office will attend the services.

J. A. Kitchen, W. F. Reynolds and Mrs. Sadie Dodd of the office of the Commissioner of Agriculture and Labor will attend the funeral and Thomas Hall will go as representative of the funeral institute division, of which Mr. Catron had charge.

COUNTY PAYS BRIDGE COST

Burleigh Finishes Paying Her Part on the Bridge

Burleigh county has paid the last of its share of the cost of the North Dakota Liberty Memorial bridge over the Missouri river, County Auditor Frank Johnson said today. The total cost, according to the record submitted to the county, was \$1,358,738.81. The share of the federal government was \$661,812.39; state of North Dakota, \$454,000; Burleigh and Morton counties, \$212,566.06.

Burleigh county received credit for \$16,000 state aid, lessening the actual cash paid out, and also allowances for advances to C. A. P. Turner, consulting engineer.

About 10,000 floating mines have been recovered and dismantled since the war, according to the Marine Ministry of Denmark.

Under an old Pennsylvania law, the arrest or imprisonment of any woman for failure to pay taxes is prohibited.

LAVA STREAM MOVING UPON ITALIAN TOWN

Some Hope That There Is Let-up in Fury of Volcano but Stream Moves Upon Town

ROADS ARE BLOCKED

Little Towns Clinging to Mountain Side Are Evacuated by Inhabitants

Catania, Italy, June 20.—Some of the latest reports from the country side stricken by Mount Etna's eruption gives rise to the hope that the fury of the mountain may have passed its period of greatest intensity. The situation is generally regarded here as being practically unchanged with the mighty stream of lava flowing slowly but inevitably on Linguaglossa. The lava has submerged the station at Giarola and blocked the road between Catignone and Linguaglossa.

The quantity of ash emitted by the crater is now more abundant than ever. It penetrates everywhere and burys the entire landscape under a powdery blanket.

Indeed the whole region has taken on a note of warning and sadness which together with the oppressive smoke gives the country the aspect of a dead land.

One by one the little towns clinging to the mountain's outcrops have been evacuated, their inhabitants fleeing with such of their household possessions as they can carry. However, the road to the towns more remote from Etna were strewn with the possessions of the fleeing villagers, who, weakened by fear and the heat, have been compelled to abandon their treasures.

Thousands of the homeless refugees already are being cared for by the Red Cross corps.

REACHES OUTSKIRTS

Lava torrent from Mount Etna, bearing in its flow masses of earth and volcanic stone, has reached the houses on the outskirts of Linguaglossa. Green fields, orange groves and vineyards have been swallowed up, and for miles around the atmosphere is suffocating with a rain of black smoke and ashes which is covering the lovely countryside like a pall.

Several of the small houses in Linguaglossa have been razed by frequent earth shocks, and the little town, which is thought might be spared, is directly in the line of the way the molten stream is traveling about forty yards an hour, and unless some miracle happens, Linguaglossa will go under during the next 24 hours.

Confronting it is a lava bed 80 yards wide and nearly 30 feet deep. Smaller torrents of lava, diverting from the central stream, threaten the villages of Randazzo and Broglio from which so many tourists make the ascent of Etna, Francavilla, Catignone, Giardini and Fiume Freddo.

Patrol With Flares

The work of clearing the threatened towns is being carried out with the greatest energy and admirable organization. Discipline is necessary to induce the terrified inhabitants to abandon their homes, but their removal is carried out with sympathy and kindness. Airplanes are being used for the first time to watch the progress of the eruption and spot signaling stations have been established at various strategic points. Special units of the Red Cross have been dispatched to care for the homeless wanderers.

WON'T FIX MOTOR RATES

Railroad Commission to Leave Matter to Operators

The state railroad commission probably will not attempt to reduce the rates to be charged by inter-city bus lines when these lines come under the commission's control under a new law effective July 1, Commissioner Fay Harding said today.

The commission, he added, was inclined to let the motor bus operators fix their own charges, and generally the same charges are now being made. The commission, he added, will watch the experience of other companies before acting under the powers given it by the legislature to fix rates.

Applications for license to operate such lines have been sent to the motor bus operators making inquiry so that the new system may be installed July 1, Mr. Harding said.

Some controversy has arisen with insurance companies over the matter of endorsement on liability bonds which inter-city motor bus companies are required to give to protect passengers, and the insurance companies manifesting interest in the law have been asked to submit information on this point.

Dry wood is approximately one-third water.

NEW ROAD TO RIVER BRIDGE IS ACCEPTED

State and Federal Engineers
Inspect Highway, and Take
It From Contractors

FINE BRIDGE APPROACH

First Link in Paved Highway
Which May Lead From
Penitentiary to Mandan

The concrete road leading from Main street to the North Dakota Liberty Memorial Bridge has been formally accepted from the Haggart Construction Company, after inspection by S. R. Sharts, senior highway engineer, U. S. Bureau of Public Roads; W. G. Black, chief engineer of the state highway commission and J. A. Wallace, commission construction engineer.

The acceptance of this road marks the completion of the first concrete highway in Burleigh county, and from the east end of Main street to the bridge is provided the longest stretch of paved highway in this section of the state. The plans were to eventually continue the paving east to the penitentiary.

Participation by the federal government and the Northern Pacific railroad in the project lessened the expense to local taxpayers, since half the total cost was paid by the government and railroad.

The total estimated cost of the project was \$74,800 as shown by the highway commission. The grading cost was put at \$10,000 and the paving \$42,000. Of this the government paid 39 percent while Burleigh county paid 61 percent, this division being because the government does not allow more than \$20,000 a mile on concrete roads, a figure set some years ago before the cost of concrete road making increased materially.

Removes Grade Crossing

The underpass which removes the grade crossing between Bismarck and the bridge cost \$16,000, and emergency and contingency allowance was \$6,800, bringing the total to \$74,800, according to records of the state highway commission.

Federal aid to the extent of \$29,000 was provided, and the Northern Pacific paid \$8,000 of the underpass cost, the government paying the remainder on this.

The road, an 18-foot concrete roadway, has also grade "short" on either side of three feet in width, and is designed with a maximum grade of four percent. The concrete is 8 inches in the center and 7-1/2 inches thick on the side.

The traffic between Mandan and Bismarck since the opening of the North Dakota Liberty Memorial Bridge has exceeded the expectations of most people, and emphasizes the need of a good road between the two cities. It is hoped by Mr. Cope that this will be necessary for the railroad to raise tracks a distance of several hundred feet either way from the underpass. The crossing will be at the junction of the main line and north line tracks. The cost of this underpass has been estimated at \$75,000.

Another Underpass

It was expected that Morton county would be able to make arrangements for a grade crossing this year, but this now is doubtful. However, the Northern Pacific railroad has taken a step toward removing one of the greatest objections to the highway on the west side of the river. It agreed to build an underpass. Bids will be received July 6.

The underpass will allow cars to pass under both the main line and north line tracks east of Mandan. To do this it will be necessary for the railroad to raise tracks a distance of several hundred feet either way from the underpass. The crossing will be at the junction of the main line and north line tracks. The cost of this underpass has been estimated at \$75,000.

Work of completing the gravel highway from the bridge to Mandan is progressing slowly. The extreme east end of Main street, Mandan, is now torn up in the rebuilding process. It is expected the gravel highway will be completed this year.

The concrete highway from Bismarck to the bridge was provided for by the board of county commissioners with a membership as follows: E. A. Patterson, C. A. Swanson, Victor Moynier, Grant Palms, C. L. Malone. Easement for the right-of-way was given by Capt. I. P. Baker. A bill was pushed through the legislature in 1921, one of the purposes of which was to make it possible for the concrete highway expected between Bismarck and Mandan to be lighted by the prison electric lighting plant, and thus greatly reduce the cost of maintenance.

Morton county dedicated the highway between Mandan and the bridge as a "soldier's memorial," and trees have been planted along the route of the new road.

Several other points in the state also reported heavy showers and indications were today for showers again.

Rains of the last three days have relieved tension existing in many quarters regarding crops. Reports of persons in close touch with conditions indicate a "spotty" situation with respect to crops at this time.

The four corners of the state are in wonderful shape, according to O. W. Roberts, weather observer here. Crops in the vicinity of Bismarck, have improved greatly, he said. The Shyanne and James River valleys also are in excellent shape.

The poorest crops in this section are the stubbled in wheat fields. Other fields are in much better shape. Some stubbled in grain is heading out short.

S. W. Derrick, superintendent of the Soo line here, said that crops generally are pretty good on his division, except for winter rye. More rain this week is necessary in some sections. Rain last night covered the South So territory pretty well, but did not extend north of Wilton. The rain the previous night which had been reported extending as far as Russo and Max did not go beyond Washburn, he said.

Beach Satisfied

J. C. Taylor of the International Harvester Co. said that in telephone conversation with a Glendive representative this morning he was told that crops in extreme western North Dakota and eastern Montana were in splendid shape, and that a Beach representative reported that crops in that section looked the best in many years. Dickinson had a good rain last night.

Conditions over the entire Slope are said to be better outside of Morton and Burleigh counties, but these counties received good rains the last two days. The Killdeer line crops are in good shape, according to reports to the International Harvester Co.

Fewer Hail Claims

Predictions of lighter hail loss this summer than last year is made by Martin Hagen, manager of the state hail insurance department. There have been 418 loss claims made to the state department to date this year, which is 732 less than the number on the same date last year. The loss claims of 1923 were boosted Monday by receipt of 104 claims, most of them from Stutsman and McHenry counties.

A hundred and fifty additional claims were reported this morning from Bottineau, Pierce and other northern counties. Two hail losses have been reported in Burleigh county, these around Regan.

Livestock Conditions

The report of the U. S. Bureau of Crop Estimates, Grand Forks, N. D., shows livestock conditions as of June 1 follows:

"Reports from stockmen in North Dakota on June 1 show on the whole much improvement in pasture condition, a slight improvement in range condition, no change in condition of cattle and a small gain in condition of sheep as compared with averages of these inquiries a month ago. Condition of pastures on June 1 was 86 per cent of a normal or a gain of 10 points over May 1; ranges 88 percent or a gain of 4 points; cattle 88 percent or a gain of 2 points. The effect of the late spring has not been entirely offset yet in case of cattle condition which, however, will not reflect an improvement or decline as quickly as pastures and range reports. Sheep appear to be in a generally excellent condition. The big improvement in (Continued on Page 3)

NORTH DAKOTANS FIGHT FOR PRICE AID TO WHEAT GROWERS AT CHICAGO CONFERENCE; TAKING ACTIVE PART

FIERY CROSS NEAR LISBON

Lisbon, N. D., June 20.—A considerable flurry of excitement was caused here late one evening last week when a large cross was observed by the residents of Lisbon burning on the top of one of the highest hills just north of the city. It is not known whether the cross was due to the activity of the Ku Klux Klan or some practical joker.

R. G. CATRON, FORMER STATE OFFICIAL, DIES

Succumbs at Cottage on Lake
Dorset, Minnesota, From
Tuberculosis

HAD SOUGHT HEALTH

Resigned as Deputy Commissioner, Agriculture and Labor, To Go To Lake

Robert G. Catron, 32, former Deputy Commissioner of Agriculture and Labor, died at Dorset, Minnesota, this morning according to a telegraphic message received by Commissioner of Agriculture and Labor J. A. Kitchen from Mrs. Catron today. He will be buried in Jamestown Friday.

Mr. Catron had been seriously ill for several weeks with tuberculosis, although his death at this time came as a shock here. Following an attack of influenza last winter Mr. Catron failed to recover his health and several weeks ago he resigned his state position, effective June 1, and with his wife went to a cottage of his wife's parents on a lake near Dorset, Minnesota.

During their residence here since Mr. Catron assumed the deputyship following the recall election in October, 1921, they had made many friends in Bismarck.

Mr. Catron was 32 years old, having been born in Edgar county, Illinois, in 1891, of American parentage. He was educated in the public schools of Westfield and Westfield College, took a commercial course and specialized in political economy and history, and taught in the Denison, Iowa, Normal for several years. He settled on a farm six miles north of Jamestown a few years ago, and married Miss Hilda Broderson in 1914.

Mr. Catron was president of the Midway township school board, Stutsman county, chairman of the township supervisors and a member of the Stutsman County Republican Central Committee. He was appointed deputy commissioner of agriculture and labor on November 23, 1921.

The office of Commissioner of Agriculture and Labor will be closed Friday as a tribute to Mr. Catron and several of those in the office will attend the services.

J. A. Kitchen, W. F. Reynolds and Mrs. Sadie Dodd of the office of the Commissioner of Agriculture and Labor will attend the funeral and Thomas Hall will go as representative of the farmers' institute division of which Mr. Catron had charge.

COUNTY PAYS BRIDGE COST

Burleigh Finishes Paying Her
Part on the Bridge

Burleigh county has paid the last of its share of the cost of the North Dakota Liberty Memorial bridge over the Missouri river, County Auditor Frank Johnson said today. The total cost, according to the record submitted to the county, was \$1,358,738.51. The share of the federal government was \$661,612.39, state of North Dakota, \$454,000; Burleigh and Morton counties, \$121,563.06.

Burleigh county received credit for \$10,000 state aid, lessening the actual cash paid out, and also allowances for advances to C. A. P. Turner, consulting engineer.

About 10,000 floating mines have been recovered and dismantled since the war, according to the Marine Ministry of Denmark.

Under an old Pennsylvania law, the arrest or imprisonment of any woman for failure to pay taxes is prohibited.

LAVA STREAM MOVING UPON ITALIAN TOWN

Some Hope That There Is Let-up in Fury of Volcano but
Stream Moves Upon Town

ROADS ARE BLOCKED

Little Towns Clinging to
Mountain Side Are Evacuated
by Inhabitants

Catania, Italy, June 20.—Some of the latest reports from the country side stricken by Mount Etna's eruption gives rise to the hope that the fury of the mountain may have passed its period of greatest intensity. The situation is generally regarded here as being practically unchanged with the mighty stream of lava bearing slowly but inevitably on Linguaglossa. The lava has submerged the station at Corro and blocked the road between Catignone and Linguaglossa.

The quantity of ash emitted by the crater is now more abundant than ever. It penetrates everywhere and buries the entire landscape under a powdery blanket.

Indeed the whole region has taken on a note of warning and sadness which together with the oppressive smoke gives the country the aspect of a dead land.

One by one the little towns clinging to the mountain's outermost points have been evacuated, their inhabitants fleeing with such of their household possessions as they can carry. However, the road to the towns more remote from Etna were strewn with the possessions of the fleeing villagers, who, weakened by fear and the heat, have been compelled to abandon their treasures.

Thousands of the homeless refugees already are being cared for by the Red Cross corps.

REACHES OUTSKIRTS

Catania, Italy, June 20.—The great lava torrent from Mount Etna, bearing in its flow masses of earth and volcanic stone, has reached the outskirts of Linguaglossa. Green fields, orange groves and vineyards have been swallowed up, and for miles around the atmosphere is suffocating with a rain of black smoke and ashes which is covering the lovely countryside like a pall.

Several of the small houses in Linguaglossa have been razed by frequent earth shocks, and the little town, which is thought might be spared, is directly in the line of the lava; the molten stream is traveling about forty yards an hour, and unless some miracle happens, Linguaglossa will go under during the night. Confronting it is a lava bed 80 yards wide and nearly 36 feet deep.

Smaller torrents of lava, diverted from the central stream, threaten the villages of Randazzo and Bronte, from which so many tourists make the ascent of Etna, Francavilla, Caltignone, Giardini and Fiume Freddo.

The work of clearing the threatened towns is being carried out with the greatest energy and admirable organization. Discipline is necessary to induce the terrified inhabitants to abandon their homes, but their removal is carried out with sympathy and kindness. Airplanes are being used for the first time to watch the progress of the eruption and special signaling stations have been established at various strategic points.

Special units of the Red Cross have been dispatched to care for the homeless wanderers.

WON'T FIX MOTOR RATES

Railroad Commission to
Leave Matter to Operators

The state railroad commission probably will not attempt to fix rates to be charged by inter-city motor bus lines when these lines come under the commission's control under a new law effective July 1, Commissioner Pay Harding said today.

The commission, he added, was inclined to let the motor bus operators fix their own charges, and generally the same charges are now being made. The commission, he added, will watch the experience of the companies before acting under the powers given it by the legislature to fix rates.

Applications for license to operate such lines have been sent to all motor bus operators making inquiry so that the new system may be installed July 1, Mr. Harding said.

Some controversy has arisen with insurance companies over the matter of endorsement on liability bonds which inter-city motor bus companies are required to give to protect passengers, and the insurance companies manifesting interest in the law have been asked to submit information on this point.

Dry wood is approximately one-third water.

DEFALCATION OF \$1,500,000 IS ADMITTED

Wichita, Kansas, Bank Employee Confesses to Theft, Clearing House Says

Wichita, Kan., June 19.—The American State Bank, one of the strongest state banks in Kansas, closed its doors early today following the discovery of the defalcation of \$1,500,000 by Philip Drumm, cashier, the Wichita Clearing House announced.

The clearing house association announced that Drumm had confessed the alleged defalcation when shown a statement covering his operations and had said all his personal property would be turned over to the bank.

The large defalcation was explained in part by the fact that the bank held what was in excess of \$1,000,000 Wichita school bonds. Drumm was in charge of the bond department of the bank.

BROKERS IN N. Y. SENTENCED

Fuller and McGree, "Bucketers," Get Prison Terms

New York, June 13.—Edward M. Fuller and William F. McGree, bucketers, today were sentenced to serve one year and three months to four years each in Sing Sing prison.

FOUND GUILTY.

Chicago, June 19.—Fred A. Kriebel, former head of Kriebel and Co., stock brokers, now bankrupt, and Henry Pommeroy, New York representative of the company, were found guilty today by a jury in Federal Judge Wilkerson's court for using the mails in a scheme to defraud.

Third I. W. W. Is Taken In Fargo

Fargo, June 19.—William Edwards, machinist, the third alleged I. W. W. organizer to be caught in the net of the Fargo police since the drive started Friday against the trouble makers, was arrested late Saturday afternoon on a charge of vagrancy and is now in the county jail, having waived examination.

Edwards, who gives San Francisco as his home, has been in Fargo for several days. He is one of the organizers active in connection with the work in the state, and is the man who introduced Arthur Bonse, I. W. W. man who spoke here Thursday night. Bonse is one of the I. W. W. who was sentenced to five years in Leavenworth for his war activity.

Bonse is one of a number of men in the state connected with the I. W. W. who have served a jail sentence, according to State's Attorney H. F. Horner. One of the witnesses who appeared at the hearing of Lee Wosk Saturday admitted serving two years in a California penitentiary for first degree burglary.

"It is such men as this that are running the I. W. W.," said Mr. Horner this morning. "Men with jail records are found in the organization in all parts of the country. Our campaign against people who are disturbing employment is just beginning. We intend to rig the state of men of this type."

The three men now in jail who have been connected with the I. W. W. are Lee Wosk, 19-year-old Jew, held on a charge of vagrancy; Fred Berg, a laborer, found violating the law against liquor traffic; and William Edwards. Berg and Edwards waived examination and were turned over to the county jail for district court. Wosk was examined Friday on a charge of vagrancy and will be held for trial in November.

WHAT THE WORLD IS DOING

AS SEEN BY POPULAR MECHANICS MAGAZINE

Jumpers Cover Bathing Suit While Walking to Beach

Wearing bathing suits through city streets or in beach restaurants is prohibited in many localities, and yet

heavy outer clothing—especially after a swim—is quite bothersome and annoying. As a comfortable outfit meeting all requirements, there is being introduced a suit of light waterproof jumpers. These cover the entire body, from the hood to the straps fastening about the ankle.

Salvation Army Doughnuts in Church Carving

To commemorate the war service of the Salvation Army, a church in New York has placed a wood carving in its choir. The central figure is a woman in uniform carrying a tray filled with doughnuts. On each side are figures of doughboys in attitudes of appreciation and gratitude, and to the right, in the center of a scroll, is a group comprising a trumpet, a tambourine, and a bible, representing the principles and methods of the Salvation Army.

WHOLE TOWN GETS OUT TO FIGHT FIRE

Northern Minnesota Community Again Threatened By Forest Fires

St. Paul, June 19.—Virtually the entire population of International Falls was stationed just outside of town today holding in check a forest fire that has threatened the place, according to word to the forestry office.

Latest advice here were that the fire was well under control and that unless unforeseen obstacles arose there would be no danger to the town.

Peat fires along the international border which had been burned for sometime were fanned into menacing proportions by a high wind yesterday and they spread into the forest. A number of settlers' homes near Frontier were burned down and the postoffice and general store at Manitow were destroyed by flames. The fire first became dangerous in the vicinity of Manitow. The settlers were compelled to make their stand along highways on hurriedly drawn fire lines.

"Depth" in Movies on One Strip of Film

While heretofore the single eye of the ordinary camera has been able to record only two flat dimensions, length and width, a California inventor claims to have added a third—"depth." The result is said to give a stereoscopic effect, bringing the details of the picture into sharp relief. Previous efforts along this line have required the use of two strips of film and some special device before the eyes of the spectator. But the new invention is declared to use only a single strip of film.

Dynamite Breaks Up Ship's Cargo of Potash

Dynamite has frequently been used with success for loosening up solid masses of bulk material, but generally in more or less open spaces. A daring departure was made recently when the method was used for prying loose a cargo of hardened potash in a ship's hold. At first picks were used in an attempt to loosen the mass, but were finally discarded as being too slow and costly. Dynamite was then suggested and used, although it proved difficult to persuade the captain that no injury would result to the ship. The charges

were placed some 3 or 4 feet back from the ship's skin, and at about the same depth.

cd pit at Simmondley, near Glossop, midway between here and Manchester.

Prof. Swain At Mayville

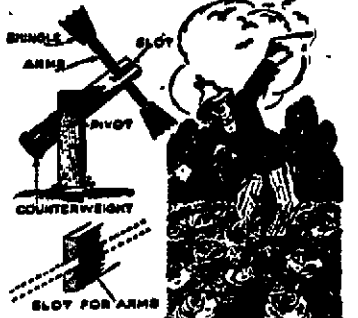

Mayville, N. D., June 19.—President C. C. Swain has taken up his duties as president of the state normal school at Mayville. Mr. Swain comes from the Iowa State Teachers College at Cedar Falls, Iowa, where he was professor of Rural Education. Mr. Swain is a graduate of St. Olaf College, Northfield and of Teachers College, Columbia University. He has also studied at the Wisconsin University. He was for six years State Commissioner of Rural Schools in Minnesota. The work of the principal of rural consolidated schools will be stressed at the summer session of the Mayville Normal this year. President Swain will give a course in Consolidated School Administration and Supervision. He is an expert in this field and gave courses in Consolidated School Administration for five consecutive years at the summer session of the University of Minnesota.

DIAMOND BATON FOUND.

Petrograd, June 19.—Search in the masonry of the Vedenyev Cathedral has uncovered a marshal's baton, made of solid gold and studded with 110 large diamonds and emeralds. It is

A Scarecrow with "Life"

Most scarecrows are inefficient because they show no signs of "life." The one illustrated, however, which is actuated by the wind, has been found very effective. To construct it, sink a flat piece of timber into the ground, allowing it to project three feet. Then pivot a similar piece to it with a loose-fitting bolt, as shown. Saw a slot across the top end of the second piece,

at an angle, as shown in the detail, fasten to it a horizontal piece for the arms, and nail shingles, cut to represent hands, in slots on the ends of the arms. Nail a piece of metal, just heavy enough to bring the figure upright when the breeze abates, to the bottom end of the pivoted piece. Then dress the scarecrow, allowing plenty of play at the pivot.

If the arms are at a considerable angle from the direction of swing, and the gusts of wind strong enough, the upper half of the scarecrow will move backward and forward, causing a bobbing motion that is a sure fright for most feathered garden pests.

valued at \$2,000,000, and is believed to be the marshal's baton presented by Czar Alexander II to his brother, Grand Duke Nikolai Nikolaievitch the elder, in 1878.

tions robbed the Lorraine State bank of more than \$1,200 in cash and \$5,000 in Liberty Bonds Tuesday of last week, it became known here yesterday.

News of the robbery was kept secret in the hope that the thieves

would be captured, but they apparently have vanished. The police expressed belief that the bandits are members of an international bandit gang. Lorraine is about 65 miles south of the Canadian line.

New Service Fitted To New Possibilities

WE move swiftly in America—change is the order of the day—industrial economics are changing—labor relationships are changing. The size of the oil business is changing and the Standard Oil Company (Indiana) keeping step with progress, is changing its methods of doing business, to meet the new conditions as they arise.

We invent, and improve, and learn, and go ahead.

The Standard Oil Company (Indiana) developed the Burton Process to increase the recovery of gasoline to meet the demand caused by the increasing number of automotive machines. It improved merchandising methods until its distribution and marketing systems are the standard of efficiency for the industry.

The Standard Oil Company (Indiana) developed new methods of handling its business. Many of these are applied to administration inside the organization,—as for instance, the Industrial Relations Plan, the Annuity Plan, and the Stock Purchasing Plan, all of which have resulted in bringing the Company and its employees closer together.

Other methods have expanded the Company's activities in new directions,—as for instance, in the development of a chain of service stations located at convenient points throughout the ten Middle Western states where the motorist may secure his requirements of fuel and oil in such quantities as he may need.

This is but one of the many improvements which the Company has adopted to better the service which it is rendering the people of the Middle West.

All these methods tend to hold down prices. This is recognized in a recent article in Petroleum Age which says, "No other product or power of like value, obtained at such expense and under such hazardous conditions, is furnished the people at such reasonable prices at all points of the country, as oil and its products."

In the petroleum industry the real problem of the hour is service. The Standard Oil Company (Indiana) is continually fitting new service to new possibilities and adapting its established service to meet new conditions. This policy makes for prosperous business, without which no nation can hope for general prosperity.

As the demand for petroleum products increases, it will be found that the Standard Oil Company (Indiana) has put itself, by progressive development of new possibilities, in a position to give a service commensurate with the increasing demand.

Standard Oil Company
(Indiana)
910 S. Michigan Ave., Chicago, Ill.

FORD COMPANY 20 YEARS OLD; GROWTH STEADY

Production at Biggest Peak
of the Existence of Huge
Manufacturing Concern

Detroit, Mich., June 20.—The Ford Motor Company was twenty years old June 16th.

This birthday anniversary finds it enjoying the greatest prosperity in its history and engaged in carrying out an expansion program of enormous magnitude, necessary to bring manufacture up to meet the ever increasing demand for Ford Products.

In the score of years which have passed since its incorporation on June 16, 1903, the growth of the company has been amazingly rapid and now its activities extend to nearly every country on the globe and the Ford car is in use in practically every land on earth.

The capital originally subscribed in the company was \$100,000, of which only \$25,000 in cash was actually paid into the treasury. Among the twelve stockholders with the company in its infancy Henry Ford held 25 per cent of the stock.

Ford "sold" his car to the public at the very start by practical demonstration for he piloted the first Ford racer himself and won race after race in all parts of the country. Driving old "999" on an ice truck in Baltimore Bay, Mich., he was the first to break the mile-a-minute record.

In 1907 Mr. Ford acquired additional stock sufficient to bring his holdings in the company up to 58-1-2 per cent.

Development of the company since 1908 when the Model "T" Ford Car was first placed on the market has been marked by unusual success until now it occupies the foremost position in the industry.

In 1913, Mr. Ford, set a new standard for the industrial world when he announced his now famous \$5 a day minimum wage and the \$10,000,000 profit-sharing plan, a move that gained him international fame.

Many will remember, too, a year or so later when announcement was made that if sales went to a certain figure every Ford purchaser would receive a rebate. The sales passed the figure and checks went out by the hundreds of thousands.

When in 1919 Edsel B. Ford assumed the presidency, his father turned over to him all the responsibility of that office and he has taken an important part in all developments of the company since that time. Upon becoming President, Edsel Ford purchased the remaining 41-1-2 per cent held by outside stockholders and on July 9, 1919, the company was re-organized under the laws of Delaware for an authorized capitalization of \$100,000,000.

In his ambition to do the greatest amount of good for the largest number of people, Henry Ford always has kept the Ford Car within the reach of the person of average means.

Last October the price of Ford Cars was again reduced bringing the various types to the lowest level in the history of the company. And only recently the inauguration of the Ford Weekly Purchase Plan has opened the way to automobile ownership for additional millions of people who can now buy Fords on weekly payments as low as \$5.

The first car manufactured by the Ford Motor Company was on the road in June and sold the early part of July, 1903. In the initial year, 1903-04, the company produced 1,708 cars and each year has seen a steady expansion until in 1922 production totaled 1,351,333 and this year will pass the 1,500,000 mark, a figure which it is estimated will equal if not exceed the combined output of all other automobile companies in the United States.

RAIN BRINGS MUCH RELIEF

Fargo, June 20.—Rain accompanied by wind and in some cases hail was almost general in North Dakota last night and brought relief to crops where little rain had fallen.

The heaviest precipitation was in the Red River Valley, although many points in the north half of the state report a good fall of rain.

Hail fell in Cass county without serious damage to crops.

It has been computed that the average man speaks 11,000,000 words in the course of a year.

KIWANIS CLUB TO ORGANIZE

Luncheon to be Held Thursday when Final Details Will be Perfected

Permanent organization of the Kiwanis club of Bismarck will be completed at a luncheon to be held Thursday on the seventh floor of the McKenzie hotel. It was announced by the temporary board today. The membership has reached the requirements to obtain a charter in the Kiwanis international organization.

At the luncheon tomorrow Walter C. Humpton of Chicago, national field representative, will explain the Kiwanis club's history, purpose and methods as seen by him, by-laws and a permanent constitution will be adopted and officers chosen for the balance of the year.

The Bismarck club will be the 52nd Kiwanis club in the Northwestern district, composed of Minnesota and the two Dakotas. In North Dakota there are clubs in Fargo, Jamestown, Valley City, Mandan, Grand Forks, Devils Lake, Minot, Lisbon, New Rockford, Carrington, Casselton.

STOCK FIRM GOES BROKE

New York, June 20.—Zimmerman and Forsythe, one of the leading members of the New York stock exchange, failed today.

An involuntary petition in bankruptcy was filed in the federal court against the firm and its members. Leopold Zimmerman, a member of

the firm, in a statement attributed to the failure to "persistent rumors affecting our credit" which he said had been circulated "from an unknown source." He said he believed the firm was wholly solvent.

Distilled oil is best
You wouldn't think of using plain water in your batteries; certainly not. You always get distilled water, because all impurities are distilled out of it.

SUNOCO
THE DISTILLED OIL

is different from other oils. We found the difference by making scientific tests. In Sunoco, all impurities are removed by distillation. It's all oil—pure lubrication.
You will safeguard and prolong the life of your car by using Sunoco; get more power and quiet efficiency; reduce motor troubles. We discovered these facts from our tests. We know.
There are six types of Sunoco—all wholly distilled. One of them is best for your car. Ask any Sunoco dealer for booklet, "What's Happening Inside Your Motor?"

**Constant
Vigilance
the Price of
Quality**

To the man on the street, cement may seem nothing more than an uninteresting gray powder which is used in construction work. But to the chemist—the trained scientist who knows—it has a pedigree. To him cement is a carefully compounded product, the result of a long series of chemical and mechanical operations, checked by the unremitting watchfulness of modern laboratory skill.

At every stage in its manufacture from quarry to loaded box car, portland cement and the materials from which it is made are subjected to the most exacting scientific tests.

The geologist and the chemist must make their examinations and approve the available raw materials even before the site for a mill is chosen.

Once the mill's machinery is busily making cement, chemists and physicists test raw materials and finished product at least eleven times.

The plant laboratory operates, 24 hours a day to maintain constant control on every process. Finally, each carload is sampled before the railroad hauls it away. Cement is a quality product.

FAMOUS SCOUT TELLS OF AN EARLY BANQUET

General Nelson A. Miles Entertained in Sheridan House, Bismarck

Luther S. Kelly, the "Yellowstone Kelly" of exciting early days on the western Great Plains, is living comfortably at Cedar Lodge, Paradise, California, and is completing a book which tells the story of his life, according to a letter received by Louis F. Crawford, director of the state historical society, from him.

"Yellowstone Kelly," a boy in the early days of Indian fights and explorations in North Dakota, became one of the most famous scouts of the time. He participated in the Civil, Spanish-American, Insurrection in the Philippines, and Indian wars.

Mr. Kelly enclosed a copy of a menu used at a banquet tendered General Nelson A. Miles in the Sheridan House, Bismarck, on November 10, 1877, when Gen. Miles returned from a successful campaign against the Nez Perce Indians. The menu listed on the card was "Montana beef, tongue, roast turkey, stoned ham, heart venison and corned beef."

"I remember that as the troops escorting the Nez Perce prisoners approached Bismarck, Dakota Territory, November, 1877," said Mr. Kelly in a letter, "I walked with Bill Erwin, the noted lawyer of that period, and changed to kill an antelope on the outskirts of town, having borrowed a gun from a soldier."

Yellowstone Kelly, came to Dakota Territory in the late 60's. For a time he was stationed at Fort Totten; later he carried the mail from Fort Totten to Fort Berthold and Fort Union. In the early 70's he went further westward into Montana and became one of the most noted of scouts for Frontier Military Expeditions. He served under General Miles and was with him in the Nez Perce campaign. He accompanied General Miles when he had Chief Joseph and the remnants of the Nez Perce tribe as captives when they came to Bismarck, Dakota Territory in the late fall of 1877. Bismarck was then a frontier town. Chief Joseph and his followers were captured at Bear Paw Mountain, Northern Montana, after making a running fight covering over 1500 miles, one of the most spectacular military expeditions on record.

W. U. OBJECTS TO TAXATION

Method Used in Listing Property Held Not Correct

Objections to methods by which the Western Union Telegraph company's leased lines have been assessed has been made before the state board of equalization by George E. Wallace, former state tax commissioner, now in the tax department of the Western Union.

According to officials in the tax commissioner's office, the Western Union operated in the state, in some places, various classes of lines, one owned by it, one owned jointly with the Northern Pacific railway and the third owned by the railway company and operated by the Western Union. The tax has been assessed against the Western Union under a statute permitting taxes to be assessed against the lease holder in some instances, Tax Commissioner U. C. Converse said.

The Western Union asks that the tax be assessed against the property owner in each case.

The company also objects to the state collecting income tax on that portion of its business derived from messages passing between North Dakota and other states, holding it should be taxed only on business wholly within the state. The tax commissioner has taken this matter under advisement.

WILL HEAR APPLICATION

The state railroad commission will hear on July 16 the application of the Chicago, Milwaukee and St. Paul railroad for permission to abandon about six miles of track from Cogswell to Harlem, Sargent county, Chairman Milhollan said today.

The petition of the railroad was filed with the Interstate Commerce Commission, and the state commission protested the abandonment. The cancellation of trains on the short branch would leave Harlem without railroad service. The Interstate Commerce Commission asked the state commission to withdraw its protest and hear the case, and make a report on its findings of facts and conclusions.

ELECTRICAL STORM HITS TELEPHONES

(Continued from Page One)

pastures, a heavy downpour to the low May condition before sweet clover pasturage became available on the eastern third of the state where the greatest improvement was noted.

Farm prices for cattle and sheep on June 1 compared with May 1 averaged for the state at generally higher levels, largely as a result of the seasonal trend.

Approximately a third of the world's population is white.

LIVES SAVED IN FACTORY FIRE

Flames almost completely wrecked this New York factory, yet workers escaped unscathed.

MARKET NEWS SEE GREATER EXPORT TRADE

Wheat Averaged Higher in Price on Opening as Result

Chicago, June 20.—Heavy selling by houses with eastern connections carried September and December wheat down today to a new low price record for the season. The heavy selling took place after announcement of an important failure on the New York stock exchange. Wheat closed weak, 23-8 to 31-2 cents net lower with July and September both \$1.03 7-8 to \$1.04.

Chicago, June 20.—With improved prospects of export business wheat averaged higher in price today during the early transactions. European purchasing on a large scale yesterday and the day before made dealers hopeful that export demand for United States wheat would continue, especially as Canadian wheat was at a premium. Besides extreme cold weather in France and Great Britain tended also to give an advantage to the dull side of the market here. Opening prices which ranged from 34 cents decline to 34 1/2 and September \$1.07 1/4 to \$1.07 3/4 and September \$1.06 1/4 to \$1.06 3/4 were followed by a slight general sag and then a rise to well above yesterday's finish.

CHICAGO LIVESTOCK

Chicago, June 20.—Hog receipts 22,000. Slaw, better kinds, mostly 10 cents higher. Big packers bidding steady. Top \$7.75.

Cattle receipts 11,000. Beef steers, yearlings and better grades beef steers, moderately active, steady with Tuesday's advance. Early top heavies \$11.30. Yearlings fairly numerous, lower grades stock weak, tending lower. Other classes generally steady. Desirable veal calves \$9.50 to \$10.50.

Sheep receipts 13,000. Lambs about steady. Early top natives \$16.40. No western lambs here. Sheep scarce. Strong to higher.

MINNEAPOLIS FLOUR

Minneapolis, June 20.—Flour unchanged to 10 cents lower. Family patent quoted at \$6.30 to \$6.35 a barrel. Bran \$20.50 to \$21.00.

MINNEAPOLIS GRAIN

Minneapolis, June 20.—Wheat receipts 245 cars compared with 122 cars a year ago. Cash No. 1 northern \$1.05 1/2 to \$1.15 1/2; No. 2 \$1.05 to \$1.15; No. 3 \$1.05 to \$1.15. Corn \$1.15 to \$1.22 1/2; ordinary to good \$1.07 1/2 to \$1.14 1/2; July \$1.06 1/2; September \$1.07 1/2; December \$1.09 1/2.

Corn No. 3 yellow 76 1/2 to 76 3/4. Corn No. 3 white 37 1/2 to 38 1/4. Barley 52 to 58.

Rye No. 2 58 1/2 to 59.

Flax No. 1 \$2.75 to \$2.80.

ST. PAUL LIVESTOCK

St. Paul, June 20.—Cattle receipts 1,200. Mostly steady. Communion to good beef steers \$6.25 to \$9.75. Butcher's cows and heifers \$5.50 to \$9.50. Canners and cutters \$2.25 to \$3.25. Bologna bulls strong to 25 cents higher. Mostly \$2.50 to \$4.00. Stockers and feeders steady to weak.

Calves receipts 3,700. Twenty-five to 50 cents lower. Best lights largely \$9.00 to \$9.50.

Hog receipts 14,200. Market mostly steady. Range \$6.25 to \$7.00. Bulk pigs \$6.00.

Sheep receipts 300. Steady to strong. Good to choice fat lambs \$15.00 to \$16.50. Fat ewes largely \$3.00 to \$3.25.

PIONEER OF STATE DIES IN CALIFORNIA

Jamestown, N. D., June 20.—In El Cajon, California, June 19, at the home of his daughter, Mrs. Harry E. Baker, occurred the death of Mrs. Bryant P. Tilden, widow of the late Bryant P. Tilden, pioneers of Jamestown.

On December 28, 1922, the deceased was operated on for cancer and for awhile it was thought the disease had been checked but for the past two months she gradually declined, suffering intensely.

Her daughters, Bessie and Frances, and her brother, Wm. C. Parker, were with her at the end.

Fanny Parker Tilden was born in New York City, March 17, 1849. Her early life was spent in the east, coming to Dakota Territory with her sister and two brothers in 1882, where they took up claims near Carrington and it was there that she met her husband, B. P. Tilden, civil engineer in charge of construction for the Northern Pacific. They were married December 4, 1883 in Jamestown, where her married life was spent and her children were born.

To mourn her loss are her daughters, Mrs. Elizabeth Baker, El Cajon, Calif.; Mrs. Frances Wildan, El Cajon, Calif.; Mrs. Emily Ehl, Milwaukee, Wis.; two step-daughters, Mrs. Gertrude Millard San Jose, Calif.; and Miss May Belle Tilden, Minneapolis, Minn. Her only son, Bryant P. Tilden, Jr., and one step-daughter, Mrs. Kate Millard passed on before her. She also leaves two brothers, Wm. C. Parker, El Cajon, Calif., and Manton E. Parker, New York City.

During her long residence in Jamestown she was an active and devoted member of Grace Episcopal church and one of the original and most active members of the Jamestown Musical club.

The funeral services and cremation took place at La Mesa, California.

GARRISON MAN IS DROWNED

Minot, N. D., June 20.—Andrew Siewert, 21 son of Mr. and Mrs. Fred Siewert, farmers of Garrison, N. D., was drowned in a small creek near Garrison Saturday afternoon. The young man had gone fishing and owing to the fact that he was alone, details of the tragedy are unavailable. The body was brought to Minot but no inquest was held, it being evident that death resulted from accidental drowning.

MEDIUM BROWN HAIR looks best of all after a Golden Gint Shampoo.

HAIR STAYS COMBED, GLOSSY

"Hair Groom" Keeps Hair Combed—Well-Groomed

Millions Use It—Fine for Hair!—Not Sticky, Greasy or Smelly. A few cents buys a jar of "Hair Groom" at any drugstore, which makes even stubborn, unruly or shampooed hair stay combed all day in any style you like.

Got Proof in His Own Case, Declares Proof-Reader

"Since taking Tanlac, I have proof of what a fine medicine it really is," said Arthur W. Vilmoare, 2830 Olive St., Kansas City, Mo., well-known proof-reader on the Journal-Post.

"I had been hit pretty hard by stomach trouble and nervousness. My appetite failed me and bloating, heartburn and indigestion sapped my energy and caused me no end of trouble. Headaches and sharp pains through my body were a great handicap to me also and my nerves were almost completely shattered."

"Well, sir, Tanlac laid out my troubles and gave my entire system a new make-up. I have a corking good appetite now. I have gained ten pounds and when I turn on the lights at night the cares and worries of the day are turned off, too, for I sleep like a top. I hope the facts in my case will be of benefit to others who are in need of Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

CIRCUS WILL SHOW HERE

World Brothers Show Coming To Bismarck July 2

The oldest known living elephant in America is Jennie—property of Mr. Fred Buchanan, owner of the World Brothers circus. This old elephant is as kind as a small kitten and is harmless. Children often lead Jennie around the show grounds and are permitted to play with her. Some afternoon, the keepers let the little ones ride on Jennie's back. This usually is done after the matinee. Jennie has traveled with shows in this country for over seventy-five years and has been exhibited to more people than any other living animal. Your father and mother when they were small children and when they fed this old animal there is no doubt Jennie was the first elephant your parents ever saw. How would it feel for you to feed the elephant your grandfather fed and when he was a little boy? Ask any of the attendants for old Jennie and she will be pointed out. Jennie is showing her age now—there is no telling how old she is, probably three or four hundred years old, but she is still lively enough to get from the cars to the show grounds and keep up the balance of the herd. Every afternoon, unlike the other elephants, she has to have a nap. This usually takes place after she has played with the children for an hour. By all means do not fail to ask for old Jennie—she will like you, and you will like her. The circus shows in Bismarck, July 2.

LISBON GIRL IS KILLED

Lisbon, N. D., June 20.—Miss Verda Mead, 14, daughter of Attorney C. G. Mead, Lisbon, was instantly killed Sunday afternoon and several other young people were slightly injured in a collision here when the automobile in which they were riding went off the road and turned over three times.

The young people, nine in number, were out pleasure riding and were driving west when the accident occurred. They were going about 25 miles an hour, when, on toping a slight rise in the road, ran into some loose sand. The car swerved from its course and the rear wheel came off causing the car to turn over.

It is miraculous how the other young people escaped serious injuries. They were thrown clear of the car immediately, and aside from a few minor scratches are practically unharmed.

Steele Boy Holds High Scholastic Record In Academy

Steele, June 20.—Lyman Robinson, son of Mrs. Jno F. Robinson just graduated at the Shattuck College of Fairbault, Minn., with the highest honors of the college. Not only did he carry away the highest honors of his class but also was awarded the highest honor of the four years course, having the highest average of the entire class of the four years.

A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber.

Firestone CUTS TIRE PRICES

10%

EFFECTIVE JUNE 11

We announce a 10% reduction in tires and tubes effective June 11th. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best tire Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis Sweepstakes, May 30th, without a single tire failure.

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 194% in the past six months.

We have replaced many expensive branches with warehouses. We now have 108 distributing points which are delivering Firestone tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.

Get a set of these Gum-Dipped Cords from one of the following dealers:

Got Proof in His Own Case, Declares Proof-Reader

"Since taking Tanlac, I have proof of what a fine medicine it really is," said Arthur W. Villmoare, 2830 Olive St., Kansas City, Mo., well-known proof-reader on the Journal-Post.

"I had been hit pretty hard by stomach trouble and nervousness. My appetite failed me and bloating, heartburn and indigestion sapped my energy and caused me no end of trouble. Headaches and sharp pains through my body were a great handicap to me also and my nerves were almost completely shattered.

"Well, sir, Tanlac laid out my troubles and gave my entire system a new make-up. I have a corking good appetite now, have gained ten pounds, and when I turn off the lights at night the cares and worries of the day are turned off, too, for I sleep like a top. I hope the facts in my case will be of benefit to others who are in need of Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

CIRCUS WILL SHOW HERE

World Brothers Show Coming To Bismarck July 2

The oldest known living elephant in America is Jennie—property of Mr. Fred Buchanan, owner of the World Brothers circus. This old elephant is as kind as a small kitten and is harmless. Children often lead Jennie around the show grounds and are permitted to play with her. Some afternoon, the keepers let the little ones ride on old Jennie's back. This usually is done after the matinee. Jennie has traveled with shows in this country for over seventy-five years and has been exhibited to more people than any other living animal. Your father and mother when they were small children, undoubtedly fed this old animal and there is no doubt Jennie was the first elephant your parents ever saw. How would it feel for you to feed the elephant your grandfather fed peanuts when he was a little boy. Ask any of the attendants for old Jennie and she will be pointed out. Jennie is showing her age now—there is no telling how old she is, probably three or four hundred years old, but she is still lively enough to go from the cars to the show grounds and keep up with the balance of the herd. Every afternoon, unlike the other elephants, she has to have a nap. This usually takes place after she has played with the children for an hour. By all means do not fail to ask for old Jennie—she will like you, and you will like her. The circus shows in Bismarck, July 2.

LISBON GIRL IS KILLED

Lisbon, N. D., June 20.—Miss Verda Mead, 14, daughter of Attorney C. G. Mead, Lisbon, was instantly killed Sunday afternoon and several other young people were slightly injured 11 miles west of here when the automobile in which they were riding went off the road and turned over three times.

The young people, nine in number, were out pleasure riding and were driving west when the accident occurred. They were going about 25 miles an hour, when, on toping a slight rise in the road, ran into some loose sand. The car swerved from its course and the rear wheel came off causing the car to turn over.

It is miraculous how the other young people escaped serious injuries. They were thrown clear of the car immediately, and aside from a few minor scratches are practically unhurt.

Steele Boy Holds High Scholastic Record In Academy

Steele, June 20.—Lyman Robinson, son of Mrs. Jno. F. Robinson just graduated at the Shattuck College of Fairbault, Minn., with the highest honors of the college. Not only did he carry away the highest honors of his class but also was awarded the highest honor of the four years course, having the highest average of the entire class of the four years.

A VICTORY FOR AMERICAN MOTORISTS

The Crude Rubber Monopoly weakened when it came into contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber.

Firestone CUTS TIRE PRICES

10%

EFFECTIVE JUNE 11

We announce a 10% reduction in tires and tubes effective June 11th. The lowered cost of crude rubber and the special Firestone manufacturing and distribution advantages make this possible.

Firestone factories are organized on a basis of large volume and effective production. Costs are down but quality is at its peak. Stockholder workmen are daily building many thousands of Gum-Dipped Cords—the best tire Firestone ever produced and, we believe, the leader on the market today.

Firestone Cords took the first four places and eight of the ten money positions in the Indianapolis Sweepstakes, May 30th, without a single tire failure.

Firestone Gum-Dipped Cords have set new standards in mileage, traction, comfort and safety. Car owners have expressed their approval of the extra value in Firestone Gum-Dipped Cords by increasing their purchases 184% in the past six months.

We have replaced many expensive branches with warehouses. We now have 108 distributing points which are delivering Firestone tires to the consumer at the lowest cost in our history.

Follow the tide of economical tire buying—equip with Firestone Gum-Dipped Cords—and learn what Most Miles per Dollar means to you today.

Get a set of these Gum-Dipped Cords from one of the following dealers:

GEN. DUNCAN URGES BIGGER TARGET RANGE

Camp Grafton, Devils Lake, N. D.—The United States war department will be asked by Maj. G. B. Duncan of Omaha, commanding officer of the Seventh Army Corps area to build a much larger and an up to date target range at this military camp.

After inspecting the present range General Duncan declared that the North Dakota regimental shore have a 40 target range, and he will recommend that the war department construct it. The present range consisting of six targets, is wholly inadequate for the needs of the regiment, he said.

Colonel Harry Eaton, and Col. Frank Holslad, members of the general's party, add Adj. Gen. G. A. Fraser, Col. D. S. Ritchie and Capt. G. A. M. Anderson made a tour of the outlying grounds of the camp to select a site for the new target range. No decision was reached, although several favorable places were designated. It will be a big task to construct the new range, for much wood and underbrush will have to be cleared first.

Car Destroyed By Fire, Riders Escape

Flasher, N. D., June 20.—Because the car in which they were riding landed over a ditch in such a manner that it left space beneath for them to crawl out, Arthur Russell, Marion Horick, Myrtle Evanson and M. Schreder, local young people, miraculously escaped injury when their car turned turtle and almost immediately burst into flames and was destroyed. None of the party received so much as a scratch.

FORD COMPANY 20 YEARS OLD; GROWTH STEADY

Production at Biggest Peak
of the Existence of Huge
Manufacturing Concern

Detroit, Mich., June 20.—The Ford Motor Company was twenty years old June 16th.

This birthday anniversary finds it enjoying the greatest prosperity in its history and engaged in carrying out an expansion program of enormous magnitude, necessary to bring manufacture up to meet the ever increasing demand for Ford Products.

In the score of years which have passed since its incorporation on June 16, 1903, the growth of the company has been amazingly rapid and now its activities extend to nearly every country on the globe and the Ford car is in use in practically every land on earth.

The capital originally subscribed in the company was \$100,000 of which only \$28,000 in cash was actually paid into the treasury. Among the twelve stockholders with the company in its infancy Henry Ford held 25 per cent of the stock.

Ford "sold" his car to the public at the very start by practical demonstration for he piloted the first Ford racer himself and won races in it in all parts of the country. Driving old "909" on an ice truck at Baltimore Bay, Mich., he was the first to break the mile-a-minute record.

In 1907 Mr. Ford acquired additional stock sufficient to bring his holdings in the company up to 58.12 per cent.

Development of the company since 1908 when the Model "T" Ford Car was first placed on the market has been marked by unusual success until now it occupies the foremost position in the industry.

In 1913, Mr. Ford set a new standard for the industrial world when he announced his now famous \$5 a day minimum wage and the \$10,000,000 profit-sharing plan, a move that gained him international fame.

Many will remember, too, a year or so later when announcement was made that if sales went to a certain figure every Ford Purchaser would receive a rebate. The sales passed the figure and checks went out by the hundreds of thousands.

When in 1919 Edsel B. Ford assumed the presidency, his father turned over to him all the responsibility of that office and he has taken an important part in all developments of the company since that time. Upon becoming President, Edsel Ford purchased the remaining 41.12 per cent held by outside stockholders and on July 9, 1919, the Company was re-organized under the laws of Delaware for an authorized capitalization of \$100,000,000.

In his ambition to do the greatest amount of good for the largest number of people, Henry Ford always has kept the Ford Car within the reach of the person of average means.

Last October the price of Ford Cars was again reduced bringing the various types to the lowest level in the history of the company. And only recently the inauguration of the Ford Weekly Purchase Plan has opened the way to automobile ownership for additional millions of people who can now buy Fords on weekly payments as low as \$5.

The first car manufactured by the Ford Motor Company was on the road in June and sold the early part of July, 1903. In the initial year, 1903-04, the company produced 1,708 cars and each year has seen a steady expansion until in 1922 production totaled 1,351,333 and this year will pass the 1,500,000 mark, a figure which it is estimated will equal if not exceed the combined output of all other automobile companies in the United States.

It has been computed that the average man speaks 11,000,000 words in the course of a year.

RAIN BRINGS MUCH RELIEF

Fargo, June 20.—Rain accompanied by wind and in some cases hail was almost general in North Dakota last night and brought relief to crops where little rain had fallen.

The heaviest precipitation was in the Red River Valley, although many points in the north half of the state report a good fall of rain.

Hail fell in Cass county without serious damage to crops.

It has been computed that the average man speaks 11,000,000 words in the course of a year.

PRINCIPALS IN BRUTAL MURDER

After Miss Blossom Martin, pretty 23-year-old nurse (left), was killed, Eligio Luzado, an undersized, slender Filipino (lower right), who was the handy man in the physician's office, where the girl worked, wrapped up her body and lugged it through the streets of New York. Before he had a chance to drop into the bay, he was arrested. Inset shows Mrs. Laura Martin, the girl's mother, who came from Troy, N. Y., to take charge of her daughter's body.

Brussels has a church clock wound by atmospheric expansion induced by the heat of the sun.

An ordinary human heart weighs nine and one-third ounces, yet its power is sufficient to raise its weight 20,380 feet in an hour.

HARDING OFF ON BIG TRIP

Special Train Leaves Washington on 50,000 Mile Jaunt

Washington, June 20.—President Harding, accompanied by Mrs. Harding and a party of friends and government officials, left Washington today on a special train for his 50,000 mile trip to the Pacific Coast and Alaska.

The Presidential Special from which the party will transfer to a naval transport at Tacoma, Wash., on July 5 pulled out of the Union Station shortly after 2 p. m. Eastern Standard Time. His first stop will be at St. Louis where the President is to deliver an address tomorrow night.

WOULD BUILD SANITORIUM

St. Paul, June 20.—Erection of a modern sanatorium in Tenth district United States Veterans Bureau for the care of tubercular former service men and the immediate completion of the neuro-psychiatric hospital at St. Cloud is urged in the report of Adjutant General W. E. Rhinow, which was filed with the governor today, following completion of an investigation into charges that former service men are not receiving proper attention in the various hospitals in Minnesota.

Princess Mary recently introduced jazz music at a London dinner party.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezzone" on an aching corn, instantly that corn stops hurting, then shortly you lift right off with fingers. Truly!

Your druggist sells a tiny bottle of "Frezzone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

It has been computed that the average man speaks 11,000,000 words in the course of a year.

KIWANIS CLUB TO ORGANIZE

Luncheon to be Held Thursday when Final Details Will be Perfected

Permanent organization of the Kiwanis club of Bismarck will be completed at a luncheon to be held Thursday on the seventh floor of the McKenzie hotel, it was announced by the temporary board today. The membership has reached the requirements to obtain a charter in the Kiwanis international organization.

At the luncheon tomorrow Walter C. Humpton of Chicago, national field representative, will explain the Kiwanis club's history, purpose and methods as seen by him, by laws and a permanent constitution will be adopted and officers chosen for the balance of the year.

The Bismarck club will be the 52nd Kiwanis club in the North-western district, composed of Minnesota and the two Dakotas. In North Dakota there are clubs in Fargo, Jamestown, Valley City, Mandan, Grand Forks, Devils Lake, Minot, Lisbon, New Rockford, Carrington, Casselton.

STOCK FIRM GOES BROKE

Constant Vigilance the Price of Quality

To the man on the street, cement may seem nothing more than an uninteresting gray powder which is used in construction work. But to the chemist—the trained scientist who knows—it has a pedigree. To him cement is a carefully compounded product, the result of a long series of chemical and mechanical operations, checked by the unremitting watchfulness of modern laboratory skill.

At every stage in its manufacture from quarry to loaded box car, portland cement and the materials from which it is made are subjected to the most exacting scientific tests.

The geologist and the chemist must make their examinations and approve the available raw materials even before the site for a mill is chosen.

Once the mill's machinery is busily making cement, chemists and physicists test raw materials and finished product at least eleven times.

The plant laboratory operates 24 hours a day to maintain constant control on every process. Finally, each carload is sampled before the railroad hauls it away. Cement is a quality product.

Distilled oil is best

You wouldn't think of using plain water in your batteries; certainly not. You always get distilled water, because all impurities are distilled out of it.

SUNOCO

THE DISTILLED OIL

Is different from other oils. We found the difference by making scientific tests. In Sunoco, all impurities are removed by distillation. It's all oil—pure lubrication.

You will safeguard and prolong the life of your car by using Sunoco; get more power and quiet efficiency; reduce motor troubles. We discovered these facts from our tests. We know.

There are six types of Sunoco—all wholly distilled. One of them is best for your car. Ask any Sunoco dealer for booklet, "What's Happening Inside Your Motor!"

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

MINNESOTA'S RESULTS
Governor Preus' nomination in Minnesota was a foregone conclusion and brings no thrill to the seasoned politicians who saw in the wide field of candidates a sure victory for the state machine.

Judge Hallam, former Governor Burnquist and Congressman Schall split the opposition while a few other minor candidates aided ably in breaking up any possible combination against the Preus organization which evidently stood the test well.

Preus is the logical Republican candidate. It was known that Senator Nelson preferred him. He is also looked upon as the only man who can beat the radical element now under the banners of Magnus Johnson.

Senators Frazier, Ladd, La Follette, Townley and others together with Senator Shipstead will make a determined effort to put Johnson over. It doubtless will be a hard fight for Preus and those who believe in sound constitutional government should rally to his support despite the animosities stirred up by the recent battle.

The fact that the Farmer-Labor candidates for United States senator failed to poll their normal vote is not significant of any slump in the nonpartisan league stock. The vote over the entire state was far below par and in the ranks of the radicals there was a tacit agreement not to throw mud or to make it impossible for a harmonious union of forces in the election next month.

Governor Preus defeated Magnus Johnson for governor by slightly more than 14,000 votes last fall and his organization had a rather bad fright. The election of Shipstead has given the radicals a tighter organization than they had last fall. While the Democrats apparently stand little chance in Minnesota, they may be able to poll enough votes to place another radical in the United States senate. Preus is in far greater danger in facing Johnson for senatorial honors than he was in the state fight, for the national party of radicalism will bring their organization to Minnesota and flood the state with their most astute campaigners.

Magnus Johnson is well known to North Dakotans. For years he was the political wheelhorse of George Loftus—the forerunner of A. C. Townley. Johnson toured this state in 1910-1915 in the interests of the American Society of Equity and more especially to promote the Equity Exchange of St. Paul. He was one that tilled the soil for the victories of Townley, Wood, Brinton and the rest. He differs little from these men and the kind of campaign Preus faces is the same that North Dakotans have been struggling against for the past six years.

The forces of sane, orderly government in North Dakota wish Gov. Preus success in his campaign. He is a clean cut vigorous man and one who will be heard from if he is fortunate to stem the tides of radicalism in Minnesota.

FACT VERSUS UTOPIANISM

Chief Justice Taft in an opinion supported by a majority of the court has held that the much discussed Industrial Court statute of Kansas violates the freedom of contract and of labor. This merely reaffirms many of the points taken in a previous opinion holding the minimum wage law for the District of Columbia as unconstitutional.

This from the pen of the Chief Justice should bring some relief to the tired business man wrestling with walking delegates, wage scales and agreements.

"To say that a business is clothed with the public interest is not to import that the public may take over its entire management and run it at the expense of the owner. The extent to which regulation may reasonably go varies with different kinds of business. The regulation of rates to avoid monopoly is one thing. The regulation of wages is another. A business may be of such a character that only the first is permissible, while another may involve such a possible danger of monopoly on the one hand and such disaster from stoppage on the other that both come within the public concern and power of regulation."

Many attempts of the state to protect labor has been galling to labor also. In Kansas the Industrial Court has been the bane of the labor unions. Gompers has assailed the institution much from the same angle as the court now finds it to be unsound and inconsistent with the Fourteenth amendment of the federal constitution.

The recent decision in the Charles Wolf Packing company case is refreshing both to capital and labor. In 1921 this company was ordered by the supreme court of Kansas to obey an order of the Industrial Court fixing wages, hours and conditions of labor. The company resisted on the ground that the order deprived them of their property without due process of law. It also held that the order diminished the operating expenses of the company against its will, notwithstanding the income of the company was and is sufficient to pay the costs of raw material and operating expenses, including wages to employees affected by such order.

JOB FOR THE BOY

Summer work for the student often bridges for him the gap that stands between him and an education. In some cities the Rotary, Lions and Kiwanis clubs are engaged in a "Job For the Boy and Girl for the Job Campaign." It is a most concrete and helpful work. Results are not wholly intangible as is so often the case in some welfare endeavor. In one city of Michigan the Rotary club acted as a clearing house to get the school boy a summer job so that he might earn money and be encouraged by his employer not to leave school.

The War Department through its training camps is performing a real service for the youth of the land. In Bismarck the local Rotary club has cooperated in securing boys best fitted in this county for that kind of training. These camps present unusual opportunities for the American boy and benefit America by improving man-power and in promoting peace and prosperity.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

"Tinkle Town!" called Mister Punch, the conductor man.

"What a funny name!" exclaimed Nick.

"Couldn't be a better one," said Mister Punch, "for it's where the bells live. But here we are, kiddies. Jump off and see for yourselves."

So the Twins hopped off the Choo-Choo Express and walked into Tinkle Town.

"How-do-doo!" boomed a big bell shaking his head one way and then the other as he spoke. "I'm the fire-bell. Is there a fire? Is that what you came to see about?"

"Oh, no!" said Nancy. "We came to see about—"

But before she could finish, another bell interrupted.

"No doubt—they came to go to church!" he said jerkily. "I'm the church-bell!"

"No. That isn't it either," Nick spoke up. "We came to—"

"Tinkle! Tinkle! Tinkle!" went another bell before he could finish. "I know. They came to go to school as all good children should. I'm the school-bell!"

"No such thing!" declared a fourth. "They've come for dinner. 'Ding! Ding! Ding!' I'm the dinner-bell and I should know."

"I don't believe it!" shouted another. "They've come to visit somebody. I'm the door-bell!"

"Ha, ha, ha! That's a good one," cried still another bell. "They've only come to see what time it is. I'm the clock-bell."

"Get off! Who should know better than I? They've come to telephone. I'm the telephone bell," said a new voice.

With all the bells talking at once there was such a noise the Twins couldn't have made any one hear if they tried.

So, taking hands, they ran back to the little train, leaving the silly bells quarrelling behind them.

(To Be Continued.)

A THOUGHT

If any be a hearer of the word, and not a doer, he is like unto a man beholding his natural face in the glass; for he beholdeth himself, and goeth his way, and straightway forgetteth what manner of man he was.—Jas. 1:23, 24.

Every man has something to do which he neglects, every man has his faults to conquer which he delays to combat.—Johnson.

MOSQUITO TIME

TELEGRAM FROM SYDNEY CAR-TON TO JOHN ALDEN PRES-COTT

Can't possibly come until last of week. Sorry. Wish Leslie bon voyage for me.

Letter from Leslie Prescott to Her Husband, John Alden Prescott.

Arrived here safe and sound this morning, dear heart, but I never occurred to me that so much experience—so much sensational surprise—could be crammed into what I had considered would be a quiet ride on the night boat from Albany to New York.

As you know the moon now is at its full and the night was insupportable. I found what I thought was a secluded corner on the deck and sat down to think of you, dear. I had hardly begun to be happy in just this—of you, into my mind there had crept a little bit of verse:

The thought of you
Creeps to me when I'm sad,
And straight my tortured soul
Awakens to be glad,
For thoughts of you.

The thought of you
Springs to me in my dreams,
And turns the night to gold;
For me the whole world seems
Just thoughts of you.

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

The thought of you
Is with me everywhere,
To me its solace sweet

June, and according to estimates of manufacture and sale, the slogan will be printed on nearly 100,000,000 wrappers within a year.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

Is answer after prayer,
Dear thoughts of you.

You see, dear heart, what love does to a woman when it creeps into her heart as it has in mine?

Again I repeated the stanza about the thought of you stealing to me in my dreams. I half roge to go to my stateroom when beside me I heard a voice in agony saying, "Don't stop me. I don't want to live."

Swedish Cigarettes To Carry Slogan Of Safety

Stockholm, June 20.—The "Two Million Dollar Cigarette" is one of the main arguments advanced in the present nationwide drive in Sweden to prevent fires through the careless throwing away of cigarettes, undertaken by the Fire Prevention Society.

Some time ago a lighted cigarette, thrown carelessly down by a youth in a saw mill, started a fire which was not extinguished until nearly \$2,000,000 worth of property had been destroyed. Other large fires have been started in the same way. The Fire Prevention Society, desiring to enlist all possible forces in its campaign, suggested to the Swedish Tobacco Monopoly, which controls the output of cigarettes in Sweden, to print the warning, "Kill your cigarette when you are through with it," upon every package. The executives of the monopoly immediately agreed to cooperate by adopting the suggestion.

The first packages bearing the warning in question will appear in

Cupid's Stock Exchange Is Booming In Germany

Berlin, June 20.—Fewer babies are being born in Germany now than before the war and fewer people are dying, but the marriage license clerks are doing more business than during 1913. The Germans say there is a boom in the marriage market "after every war."

The state of Hamburg lived up to its name of having the most attractive "frauleins" in the republic about 15 to every 1,000 inhabitants. Chalked up a wedding record of about 15 to every 1,000 inhabitants. Schaumburg-Lippe, a little to the south of Hamburg and in romantic proximity to Steinhuder Lake, ran a close second with 14 to every 1,000. Saxony's proportion stopped at slightly over 13, while Berlin city's was only 12.5. The most bachelors in all Germany appear to live in the mountainous state of Waldeck, in the Weser basin, where there have been only about seven weddings to every 1,000 residents. And yet the Waldeck boys have not such faint hearts as before the war, when their average was only 5.4.

The statistics for Wuertemberg, Mecklenburg-Schwerin, and Mecklenburg-Strelitz have not yet been received at official headquarters here; not including these three states, Germany's marriage rate last year was 10.9 for every 1,000 inhabitants, compared with only 6.6 in 1913.

Babies appeared in the states reported at the rate of 23 for every 1,000, as against a proportion of 28.9 before the war. Most of the births were registered in Upper Silesia and the least in Berlin. The former's proportion was approximately 32, the latter's less than 12.

Germans have been dying at the rate of 12.5 out of each 1,000 the past 12 months, while in 1913 death was taking a proportionate toll of about 15. Upper Silesia, which had the biggest birth-rate, also led in the ratio of deaths.

House of Ajaccio, where Napoleon Bonaparte was born, has been presented to the French nation by Prince Napoleon.

Farming was the occupation of more than half the population of France before the war.

There was a long silence, then Ma Briskow did not wish to take a nap, but she knew that Gray needed the solace of his own thoughts just now, so when he agreed, she sent him downstairs.

Gray's brain, like his body, had grown tired and feverish. To be sure, little more than a day had gone by since he had sallied forth like a knight, but it seemed a year, an age, and every hour brought a new and keener distress. He found it possible now, for the first time,

to relax a bit physically, so he closed his eyes and lay back in an easy chair while the twilight stole in upon him.

He heard Allie enter the house, but he did not stir. He would have to put on the mask soon enough, for, of course, the most never suspect, on Buddy's account, the room, which had grown agreeably dark, was suddenly illuminated, and he laughed to his feet to find the girl facing him from the door. She was neither startled nor surprised at his presence, and when he tried to smile and to greet her in his accustomed manner, she interrupted him by saying:

"I knew you were here."

"So? Then Ma is awake again?"

Allie shook her head vigorously. "I know you were here the minute I came in. I can 'most always tell. There had been a shadow of a smile upon her lips, but it vanished; a look of growing concern crept over her face. "What's the matter? Whatever has happened, Mr. Gray?"

"Why, nothing. I was feeling tired, worn out. Indulging myself in a thoroughly enjoyable fit of the blues." His voice broke when he tried to laugh.

Allie uttered a quick, low cry, a wordless, sympathetic sound. Her dark eyes widened, grew darker; she came forward a step or two, then she halted. "Would you rather be alone?" she asked. He signified his dissent, and she went on: "I know what the blues are like. I sat alone in the dark a good deal."

She busied herself about the room for a few moments, straightening things, adjusting the window shades, Allie had the knack of silence, blessed attribute in man or woman, and to Gray's surprise he found that her mere presence was comforting. She startled him by saying, suddenly:

"You're hurt! Hurt badly!"

He looked up at her with an instinctive denial upon his lips, but, realizing the futility of deceit, he nodded. "Yes, Allie."

EBGIN HERE TODAY

Calvin Gray hates Colonel Henry Nelson, banker. Gray is in love with Barbara Parker and Nelson tells her father, Tom Parker, that Gray has been dishonorably discharged from the army. Gray and his friend Gus Briskow, buy the controlling interest in Nelson's bank. At a meeting of the bank's directors, Gray declares that he was discharged from the army through the treachery of Henry Nelson and that later, having been found out, Nelson also was dismissed. Gray forces Nelson to admit the truth. Bud Briskow, son of Gus, meets Barbara Parker. Gray calls to propose marriage to Barbara.

NOW GO ON WITH STORY

"Finest in the world! I claim responsibility for him, in a way. He's part mine." Gray laughed; his eyes sparkled.

"Him and 'Bob' are out there together. They've been 'em young, that away—"

"Of course, I knew you'd both like—"

"Some quality in Tom's voice, some reluctant easiness to his eyes, bore a belated message to the younger man—snapped his chain of thought—dried the words upon his lips. Into his eyes leaped a sudden strained incredulity. Sharply, he cried, "What do you mean?"

Then, after an instant, "Why did he want to see me?" The two men gazed squarely at each other for the first time. "My God! Why—that's absurd! I—I brought him here. He's just a boy!"

"I didn't notice how things were going till it was too late. We might as well talk frankly, Mr. Gray. Prudently it's well you saw me first, eh? Well, when I understood where they were heading, I worried a lot—after what you said that day, under stand? But those two! I shaw! It was like they had known each other always."

"Then they've—settled it between them?"

Tom nodded gravely. "She told me last night. And from the way she told me, I know it's not just boy and girl love. She's been singing like a bird all day. And Buddy! He's breathless. I know how he feels. I couldn't draw a full breath for two weeks after 'Bob's' mother."

Gray uttered a wordless, gasping cry. He moved unsteadily toward the door, then paused with his hand upon the knob. Tom Parker was surprised when, after a moment, he saw the man's shoulders shake and heard him utter a thin, cackling laugh. "Time is a grim old joker, isn't he? No way of beating him, none at all. Now I thought I was young, but—Lucky I found you here and spared my vanity."

CHAPTER XXX
Ma Says a Prayer

Calvin Gray did not return to the bank. He went straight to his hotel and as soon as he could sufficiently control himself to do so, he telephoned Gus Briskow, telling him that he intended to leave town. Then he began mechanically to pack his bag. He moved like a man in a trance, for the blow had fallen so suddenly as to numb him; his only impulse was to escape, to hide himself from these people who, of a sudden, had become hateful.

When night came he took his bag and slunk out of the hotel, for it seemed that men would surely know what a fool he had made of himself. It would have been a relief to feel that he was leaving never to return; but even that was denied him, for, after his first panic, the truth had come home. He could not run away.

He thought of Ma Briskow, finally. She was human; she had a heart. He bought a ticket to Dallas. Ma Briskow's eyes were dim; she wept, she saw the change in Calvin Gray when, late the following afternoon, he came to see her.

"Land sakes!" she exclaimed, in a shocked voice. "Pa never said you was a'illin'. Why, Mr. Gray!"

"I'm not really ill," he told her, wearily, "just old. I've had a bad night." Seating himself beside her couch, he took her hand in his and made her tell him all about herself. He had brought her an armful of flowers, as usual, and extravagant gifts for her adornment—giving, it seemed, was his unconscious habit. While she admired them with ecstatic "Ohs!" and "Ahs!" he busied himself with bowls and vases, but Ma noted his fumbling uncertainty of touch and evident effort with which he kept up his assumption of good cheer. She told him, finally:

"Something mighty bad has happened to you, Mr. Gray."

He gazed at her mutely, then nodded.

"Is it something about the—the Princess of Wichita Falls?"

"Yes, Ma."

There was a long silence, then Ma inquired: "Would you like to tell me something about the little princess? Sometimes it helps to talk."

"N—not yet."

"Won't you stay an' have supper with Allie an' me? We're awful lonesome with Pa gone. Allie's out somers, but—it would do me good to know you was here an' it'll do you good to stay. You can rest yourself while I take my nap."

Ma Briskow did not wish to take a nap, but she knew that Gray needed the solace of his own thoughts just now, so when he agreed, she sent him downstairs.

Gray's brain, like his body, had grown tired and feverish. To be sure, little more than a day had gone by since he had sallied forth like a knight, but it seemed a year, an age, and every hour brought a new and keener distress. He found it possible now, for the first time,

to relax a bit physically, so he closed his eyes and lay back in an easy chair while the twilight stole in upon him.

He heard Allie enter the house, but he did not stir. He would have to put on the mask soon enough, for, of course, the most never suspect, on Buddy's account, the room, which had grown agreeably dark, was suddenly illuminated, and he laughed to his feet to find the girl facing him from the door. She was neither startled nor surprised at his presence, and when he tried to smile and to greet her in his accustomed manner, she interrupted him by saying:

"I knew you were here."

"So? Then Ma is awake again?"

Allie shook her head vigorously. "I know you were here the minute I came in. I can 'most always tell. There had been a shadow of a smile upon her lips, but it vanished; a look of growing concern crept over her face. "What's the matter? Whatever has happened, Mr. Gray?"

"Why, nothing. I was feeling tired, worn out. Indulging myself in a thoroughly enjoyable fit of the blues." His voice broke when he tried to laugh.

Allie uttered a quick, low cry, a wordless, sympathetic sound. Her dark eyes widened, grew darker; she came forward a step or two, then she halted. "Would you rather be alone?" she asked. He signified his dissent, and she went on: "I know what the blues are like. I sat alone in the dark a good deal."

She busied herself about the room for a few moments, straightening things, adjusting the window shades, Allie had the knack of silence, blessed attribute in man or woman, and to Gray's surprise he found that her mere presence was comforting. She startled him by saying, suddenly:

"You're hurt! Hurt badly!"

Social and Personal

Soutache Jacket

Among the summer models of short separate jackets that are most popular the soutache coat is strikingly attractive. Soutache jackets in black, navy or white, accompanied by silk or cotton pleated skirts to match, are the best of style. White soutache jackets with navy or black pleated skirts are, too, and are satisfyingly new.

and Mrs. Meier moved away from Bismarck six years ago. Mr. Meier is a representative of the Coon Oil Company.

AWAY TO BLACK HILLS

Mrs. Lucinda Logan and daughter, Misses Irma and Charlotte, and Miss Mary Parson and Mrs. Oscar Ward and daughter, Miss Aldyth, and Miss Lucille Buchan have departed for an automobile trip through the Black Hills. They expect to enjoy fishing and camping along the mountain streams.

HAROLD SEMLING STOPS OVER. Harold Semling, private secretary of United States Treasurer Frank White of Valley City, stopped over in Bismarck yesterday and today for a short visit with old friends, enroute to the California coast. He also visited with his brother, Ivan, at Hazelton before coming here.

RETURNING TO BISMARCK

Dan Stewart of Minneapolis, Minn., former resident of Bismarck, who left here about six years ago, is in Bismarck looking up a location. Mr. Stewart who travels for the Emerson-Birmingham Implement Co., of Minneapolis, expects to bring his family to Bismarck in the near future to make their home.

HERE FROM SEATTLE

Mr. Mary Brewer of Seattle, Wash., arrived in Bismarck today to spend the summer with her sister, Mrs. Bert Brown of Regan. Mr. and Mrs. Brown and family of Regan were in Bismarck today to meet their guest.

MOTOR TO MINNEAPOLIS

Mr. and Mrs. Arthur Bauer and daughter, Beverly, and Mrs. S. F. Lambert and son, William, left yesterday for Minneapolis, Minn., to visit with Mr. Bauer and Mrs. Lambert's mother, who is ill. They made the trip by automobile along the Red Trail.

NONPARTISAN CLUB MEETING. The Women's Nonpartisan club No. 1 will meet Thursday evening, June 21, at 7:30 o'clock at Baker's hall. After the business meeting a program will be given, commencing at 8:30 o'clock. Everybody is invited to attend the meeting.

AUTO TRIP TO LAKES

Miss Phyllis Yochim, saleslady at Webb Bros., and Miss Lula McAdams of Mandan, left today with friends for an automobile trip to Fargo, Minneapolis, Minn., and the lake region in Minnesota. They expect to be gone for about two weeks.

AT MINNESOTA LAKES

D. J. Slattery Jr., is spending his vacation at Detroit Lakes of Minnesota.

TOAST OF TOWN

Joan Gardner (above) was a waitress in Spokane when Ina Claire, noted actress, discovered her. She considers Miss Gardner the most beautiful girl she has seen for a long time, and will put her on the stage. "She'll be the toast of the town," predicts Ina.

BACK ON DUTY. Miss Emma Schmuck was back on duty in the Webb Bros. department store this morning, after spending several months with her parents at their home in Crookston, Minn., who have been ill.

MOTOR TRIP THROUGH PARK. Miss Ellen Holten, sales lady at Webb Bros., left this morning with her parents, Mr. and Mrs. Ole Holten of Falmirk and Mr. and Mrs. Martin Holten of Washburn, for a three weeks automobile trip through the Yellowstone National Park.

BOYS VISIT SCHOOLMATE. Leonard Anderson, son of Mr. and Mrs. Theodore Anderson, and Vernal Anderson, son of Mr. and Mrs. E. G. Anderson, left yesterday for Beulah to visit for two weeks with Richard Wilson, a schoolmate.

ON PARK TRIP. Mr. and Mrs. Forrest Skinner and the latter's brother and wife, Mr. and Mrs. Fred Riley have departed for a motor trip through Itasca Park and adjacent lakes. They expect to be gone for about a week.

TO DELIVER ADDRESS. L. F. Crawford, secretary of the Industrial Commission, has accepted an invitation to deliver the July 14 address at a community celebration at Grand Rapids, La Moure county, in the park there.

VISITING FRIENDS. William Knop of Stanton, B. J. Knitz of Regina, and Mr. and Mrs. S. P. Spangler of Jamestown, are spending a few days visiting with friends in the city.

MRS. WALSH ON VISIT. Mrs. Mary Walsh left this morning for St. Paul, Minn., to visit with relatives and friends for an indefinite time.

ANNOUNCE MARRIAGE. Mr. and Mrs. L. Blazek of Sweet Briar have announced the marriage of their daughter, Beth to Peter Yantzer, will take place June 25.

IMPROVING RAPIDLY. Mrs. P. H. Thordahl who recently underwent a serious operation at the Bismarck hospital is reported improving rapidly.

GUEST OF MRS. LANGE. Mrs. Blanche Greer of Alexandria, Minn., is spending a few days here as the guest of Mrs. George Lange.

ATTENDS SCHOOL MEETING. J. W. Riley, state school inspector, has gone to Ellendale to attend a meeting of school officers.

CITY NEWS

Postmaster in Hospital. J. W. Bagnall, assistant postmaster at Bismarck, has entered the St. Alexis hospital for treatment.

Injured in Fall. Mrs. John Thorpe, wife of the First Assistant Attorney General, sustained a dislocated shoulder and was badly bruised yesterday morning in a fall.

Returns From West. Harry Malm has returned after a three weeks trip in the west. His itinerary included Denver, Salt Lake City, Utah, and various cities along the Pacific coast. He drove a Chevrolet car and is enthusiastic over its staying powers through heavy roads and as a mountain climber.

St. Alexis Hospital. Mrs. Joe Lauinger, Strassburg, Miss Margaret Smith and Mrs. Dean Smith, both of city, have entered the St. Alexis hospital for treatment. Mrs. John Seidl, Solen, Miss Genevieve Bailey, Tuttle, and Joachim Dietrich, Glen Ullin have been discharged from the hospital.

Clinical Hospital. Herbert Enich, Hazen, Ott. Charles Walchert, Glen Ullin, Ott. Seavip, Flasher, G. E. Reimers, Falmirk, Paul Friese, city, Ethel and Hazel Bigner, Werner, and Leonard Erickson, Parshall have entered the Bismarck hospital for treatment. Joseph H. Hoop, Napoleon, Oscar Olson, Plaza, E. A. March, Dunn Center, Mrs. J. D. Franklin, Douglas, and Master Edward Binder, Tuttle have been discharged from the hospital.

Dr. Staley Listed For Appointment. Dr. J. C. Staley of St. Paul, Minn., formerly of Bismarck and a brother of Charles Staley, has been decided upon by two of the three members of the county board of control as superintendent of the Ancker hospital of St. Paul, according to reliable information which has been received here.

Dr. Staley resided in Bismarck for a number of years, and for two or three years at the opening of the Donegness hospital in Mandan was connected with it.

The board is to take definite action upon the appointment June 25. While there may be a change of sentiment before that time, those close to the board members felt confident Saturday that Dr. Staley would be named to succeed Dr. A. B. Ancker. There were six candidates in the field for the appointment. Dr. Staley has the endorsement of the Ramsey County Medical society.

Dr. Staley and his two sisters, Misses Catherine and Mary Staley are expected to accompany Mr. and Mrs. C. Staley and daughters, Esther, Ruth and Marjan to Bismarck when they return from Minneapolis the latter part of this week. Mr. and Mrs. Charles Staley have been in Minneapolis to attend the graduation exercises at the University of Minnesota from which their daughter, Miss Esther graduated this week.

Dance at Patterson Hall. Wednesday and Saturday evenings.

Popular Abroad

A new picture of Mrs. Elbert B. Galy, wife of the chairman of the U. S. Steel Corporation, who gained great popularity at social affairs during their trip abroad.

Boys Camping at Isabel Return

Jim Olson's team won the baseball league at Lake Isabel while the Bismarck boys were in camp there. The boys broke camp Monday noon.

Archie McGray's team came second, and Fred Landers third. Olson's team was composed on Jim Olson and Francis Kelly, batters, Dick Horner, first base; L. Anderson, second base; E. O'Hare, third base; short stop; Jim Gorman and Harold Yensley, Dick Register, left fielders; Arthur Donaldson, center field; L. Gauseck and B. Quinn, right field.

Six points separated the groups for first and third place in ten inspection contests.

While the Dawson Bible school had a picnic the boys assisted in directing the play. Incidentally they came in for some of the ice cream.

BAND INSTRUMENTS WANTED

The Bismarck City Band under auspices of Association of Commerce wants band instruments. Those having same for sale please communicate with L. C. Sorlein, Association of Commerce, Bismarck, N. D.

MacLeod Returns From Camp With 2nd Group of Boys

Mr. MacLeod and his second camp of boys return to town Monday evening. The second Bismarck boys camp broke up Monday afternoon. Messrs. W. E. Larr, Ed. Perry, H. F. O'Hare and Geo. Bird motored to Lake Isabel and brought the boys home. It was a great week for camping. The boys are delighted with Lake Isabel as a camping ground. The boys are very grateful to Messrs. Will, Ward and Bird for the use of boats and to Mr. Werver, grocer of Dawson, for the use of his boat. The boys appreciate the interest in their behalf of the men who motored them to and from camp.

The honors for the second Bismarck boys camp are as follows: Tent inspection—Jim Olson's camp, first; Archie McGray's camp, second; Fred Landers, third.

Best observation—Fred Landers, first; Jim Olson, second; Archie McGray, third.

Boating and swimming were under way, owing to the fact that for the last three days a continuous gale prevented satisfactory tests in these events.

The high score for all round camping goes to Jim Olson, whose team scored 701 points. Fred Landers' team scored 693, and Archie McGray's team 521 points.

The following were elected to the Hall of Fame: Best natured—Bill Lenhart. Early Bird—Art Donaldson. Slow poke—Stan Marquette. Bird man—Fred Landers. Skinny—Ed. O'Hare. Fitty—Clayton Reeves. Best camper—Fat Jones. Big enter—Dick Horner. Best cook—Archie McGray. Sleepy head—Jho O'Hare. Best huntsman—Archie McGray. Best base ball player—Jim Olson. Camp grouch—Lorne Anderson. Pretty boy—Harold Nelson.

Troop 1 Returns From Camping Trip

A very successful camping trip was concluded by Troop 1 Boy Scouts at Heart River, six miles west of Mandan Saturday afternoon. Those who attended were: Troop 1, Edgar Crewe, Russell Le Barron, Ford Le Barron, Ralph Newcomb, Gordon Finwall, Manning Finwall, Ogden Ward, Barton Muir.

Band Instruments Wanted

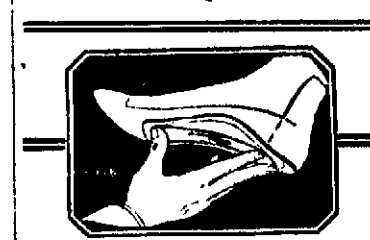

The Bismarck City Band under auspices of Association of Commerce wants band instruments. Those having same for sale please communicate with L. C. Sorlein, Association of Commerce, Bismarck, N. D.

Three scouts qualified for first class. Ford Le Barron, Russell Le Barron, and Ralph Newcomb. Tests were also taken by other scouts. The last car arrived at the camping site Monday morning at noon. Two squad tents and a pup tent had been put up in the morning. Dinner was immediately served, followed by a council of all the scouts. The assistant explained the details of the management and emphasized strict adherence to the rule. After the council the camp was cleaned up, beds made, fireplaces set up, and grub tents pitched. At 4 o'clock the scouts took their first swim. Dinner was eaten at six thirty, and the evening was spent in playing baseball. A short council fire was held and news was blown at 10 o'clock. There was very little conversation due to the system of organization.

The following days of the camping week were filled with out of door sports for the boys. Cayou and Gordon from Troop 2 came out that day morning and stayed until the next day at noon.

Swimming proved to be the most popular sport with the boys on the trip, much interest being shown in the 20 yard swim. Mr. Hanson held the record for the back swim with 15 seconds. Harold Armstrong 13-4-8 for the crawl.

The popularity of the camp is proved by the fact that five members of Troop 1 attended. This troop is a group of scouts who belong to Troop 1, but who are cut of town most of the year. Three of these scouts are from New York and two from Fargo.

Ease those poor feet

Your tortured feet ache for relief—and your nerves have to bear the strain. Now is your chance to ease them both, quickly, permanently. This week—from the 16th to the 23rd of June—our store is concentrated on relieving the three-fourths of the people in this town who, like you, suffer from foot pains—corns, callouses, bunions, weak ankles, pains in the feet and legs. For this is

Dr. Scholl's Foot Comfort Week

a nation-wide drive to end all foot troubles. Let our foot comfort expert examine, without charge, your aching feet. He can fit you particular condition with exactly the Dr. Scholl's Appliance or Remedy it needs. Thus you can know once more the joy of healthy, active feet.

Let this week mark the end of your foot misery!

You, too, can have your shelves stocked with delicious jelly

ANYONE who will follow a simple CERTO recipe can make perfect jam or jelly with any kind of fruit. Only one minute's boiling required—no re-boiling, the right consistency the first time. This saves the delicate color and taste of fresh fruit. Since no fruit juice is boiled away, you get one-half more product—so with CERTO cost per jar is less.

Start making jam and jelly now and see how easy it is to fill your shelves. CERTO is the actual "jelly" property of fruit—it contains no gelatine nor preservative.

Sold by grocers everywhere, sent postpaid for 35 cents. Recipe Book of 76 recipes wrapped with every bottle.

CERTO

Hood River Strawberries

will soon be gone!

THERE is only a small crop of these wonderful strawberries—"grown in the shadow of Mount Hood." When they are all sold, you cannot buy any until next year, not even in cans.

Delightfully tart in flavor—plump, juicy of rich red color—they have no equal for eating fresh and for making preserves, jams, conserves, etc. Put up a generous supply—in Ball Mason jars.

Social and Personal

Mary McGillic Becomes Bride at Impressive Service

At a beautiful and impressive marriage service this morning at 9 o'clock at St. Joseph's Catholic church of Mandan, Miss Mary McGillic, daughter of Mr. and Mrs. J. H. McGillic of Mandan, became the bride of Jerome A. Murphy of Mandan. Rev. Fr. Herbert of Mandan read the marriage service.

At the opening strains of Lohengrin, the wedding march, the bride procession led by Mrs. James McGillic, Jr., matron of honor, followed by two little flower girls, Misses Roberta Renden and Winifred McGillic, niece of the bride and the bride on the arm of her father advanced down the aisle toward the altar where they were met by the bridegroom who was attended by James McGillic, Jr., brother of the bride. The bride was given away by her father.

The bride was beautifully gowned in white, a large white hat taking the place of a wedding veil, and she carried a large arm bouquet of roses, gladioli and lilies of the valley. The matron of honor wore a dress of green with accessories to match and carried an arm bouquet of pink roses. The mother of the bride wore an elegant gown of golden brown with accessories to match. During the ceremony Mrs. V. J. La Rose of Bismarck sang "At Dawning" and a number of appropriate selections.

The church which was decorated with a profusion of red and white peonies which formed an appropriate background for the wedding party. Groomed about the church were many dear friends and relatives of the happy couple. A number of Bismarck ladies attended the ceremony.

Mrs. Murphy attended the Mandan schools and graduated from the Mandan high school. Mr. Murphy has resided in Mandan for a number of years. He is proprietor of the Murphy Tailor Shop. He served for over two years with a North Dakota regiment of infantry during the World War and was stationed in France. After the church service a charmingly appointed wedding breakfast was served to members of the bridal party and a few guests at the home of the bride's parents on Third Street N. W.

Mr. and Mrs. Murphy expected to depart on a three or four week honeymoon trip to the East in their Essex coach early this afternoon.

Fathers Read Marriage Service

The father of the bride, assisted by the father of the bridegroom, read the marriage service joining Miss Rose Strutz of Jamestown in marriage with Rev. Ira Herzberg of Marion at the Jamestown Evangelical Parsonage, home of the bride, this afternoon at 4 o'clock. Rev. R. E. Strutz of Jamestown is father of the bride and Rev. A. F. Herzberg is father of the bridegroom. The ceremony was performed in the presence of members of the family and a few intimate friends.

Rev. and Mrs. C. F. Strutz and daughter, Miss Marian, and Miss Rosalie Pabst, R. N. of Bismarck, are present at the service, the bride being a niece of Rev. Strutz.

Mrs. Herzberg received her college training at Northwestern College and has been engaged as a teacher in Jamestown since graduating. The bridegroom has a charge at Marion where the young couple will make their home. Both Rev. and Mrs. Herzberg are well known, having taken an active part in Evangelical church affairs in the state, and have a wide circle of friends all over North Dakota.

Closing Meeting For Missionary Society

The Missionary society of the Presbyterian church will hold the closing meeting of the year in the church parlors Thursday afternoon at 3 o'clock at which time the following program will be given:

Devotionals Mrs. Moore Solo—"In the Secret of His Presence" E. Lakshine Corch Mrs. H. J. Duemeland accompanied by Mrs. Scheffer.

A resume of missionary biography will be given by Misses. Fitch, Ankenman, Goddard, Jenkins, Nupen, Penner, and Liessman.

Solo—Selected. Mrs. H. J. Duemeland "What Will You Do?"—Missionary exercises given by.....

Junior Christian Endeavor A social hour will be enjoyed with Misses. Paine and Crawford as hostesses. All are cordially invited to attend.

ENJOY PICNIC AT ROCKHAVEN

The members of the Business and Professional Women's club enjoyed a picnic last evening at Rockhaven station, north of Mandan, at the home of Mr. and Mrs. John D. Anderson. Mrs. Anderson was assisted in entertaining the guests by her sister, Mrs. A. Boley, Miss Katherine Zuchmeier and her daughter Miss Mary Anderson. After the picnic supper, dancing and group songs were the features of the evening, after which the guests returned to their homes in Bismarck.

EXPECT SON HOME

Niel Reid, son of Mr. and Mrs. Peter Reid, is expected to arrive in Bismarck July 4 from Washington, D. C., where he has just graduated in the department of law at a Washington college. Mr. Reid is a veteran of the World War. Mrs. Reid and baby daughter will stop off in Michigan to visit with relatives, coming to join her husband in Bismarck later.

FORMER PRESIDENT STOP OVER

Mr. and Mrs. Edward Le Roy Meier of Minneapolis, Minn., stopped over in Bismarck yesterday enroute to the Yellowstone and Glacier parks. Mr.

Soutache Jacket

COPYRIGHT BY MCALLEN

Among the summer models of short separate jackets that are most popular the soutache coat is strikingly attractive. Soutache jackets in black, navy or white, accompanied by silk accoutrement pleated skirts to match, are the best of style. White soutache jackets with navy or black pleated skirts are seen, too, and are satisfyingly new.

And Mrs. Meier moved away from Bismarck six years ago. Mr. Meier is a representative of the Coon Oil Company.

AWAY TO BLACK HILLS. Mrs. Lucinda Logan and daughter, Misses Irma and Charlotte, and Miss Mary Parsons and Mrs. Oscar Ward and daughter, Miss Aldyth, and Miss Lucille Rochin have departed for an automobile trip through the Black Hills. They expect to enjoy fishing and camping along the mountain streams.

HAROLD SEMLING STOPS OVER. Harold Semling, private secretary of United States Treasurer Frank White of Valley City, stopped over in Bismarck yesterday and today for a short visit with old friends, enroute to the California coast. He also visited with his brother, Ivan, at Hazelton before coming here.

RETURNING TO BISMARCK. Dan Stewart of Minneapolis, Minn., former resident of Bismarck, who left here about six years ago, is in Bismarck looking up a location. Mr. Stewart works for the Emerson-Birmingham Implement Co., of Minneapolis, expects to bring his family to Bismarck in the near future to make their home.

HERE FROM SEATTLE. Miss Mary Brewer of Seattle, Wash., arrived in Bismarck today to spend the summer with her sister, Mrs. Bert Brown of Regan, Mr. and Mrs. Brown and family of Regan were in Bismarck today to meet their guest.

MOTOR TO MINNEAPOLIS. Mr. and Mrs. Arthur Bauer and daughter, Beverly, and Mrs. S. F. Lambert and son, William, left yesterday for Minneapolis, Minn., to visit with Mr. Bauer and Mrs. Lambert's mother, who is ill. They made the trip by automobile along the Red Trail.

NONPARTISAN CLUB MEETING. The Women's Nonpartisan club No. 1 will meet Thursday evening, June 21, at 7:30 o'clock at Baker's hall. After the business meeting a program will be given, commencing at 8:30 o'clock. Everybody is invited to attend the meeting.

AUTO TRIP TO LAKES. Miss Phyllis Yochim, saleslady at Webb Bros., and Miss Lulu McAdams of Mandan, left today with friends for an automobile trip to Fargo, Minneapolis, Minn., and the lake region in Minnesota. They expect to be gone for about two weeks.

AT MINNESOTA LAKES. D. J. Slattery Jr., is spending his vacation at Detroit Lakes of Minnesota.

TOAST OF TOWN. Joan Gardner (above) was a waitress in Spokane when Ina Claire, noted actress, discovered her. She considers Miss Gardner the most beautiful girl she has seen for a long time, and will put her on the stage. "She'll be the toast of the town," predicts Ina.

DANCE AT PATTERSON HALL. Wednesday and Saturday evenings.

BACK ON DUTY. Miss Emma Schunk was back on duty in the ready to wear department at Webb Bros. department store this morning, after spending several months with her parents at their home in Crookston, Minn., who have been ill.

MOTOR TRIP THROUGH PARK. Miss Ellen Holten, sales lady at Webb Bros., left this morning with her parents, Mr. and Mrs. Ole Holten of Fulkirk and Mr. and Mrs. Martin Holten of Washburn, for a three weeks automobile trip through the Yellowstone National Park.

BOYS VISIT SCHOOLMATE. Leonard Anderson, son of Mr. and Mrs. Theodore Anderson, and Vernal Anderson, son of Mr. and Mrs. E. G. Anderson, left yesterday for Beulah to visit for two weeks with Richard Wilson, a schoolmate.

ON PARK TRIP. Mr. and Mrs. Forrest Skinner and the latter's brother and wife, Mr. and Mrs. Fred Riley have departed for a motor trip through Itasca Park and adjacent lakes. They expect to be gone for about a week.

TO DELIVER ADDRESS. L. F. Crawford, secretary of the Industrial Commission, has accepted an invitation to deliver the July 14 address at a community celebration at Grand Rapids, La. Moure county, in the park there.

VISITING FRIENDS. William Knop of Stanton, B. J. Kuntz of Regina, and Mr. and Mrs. S. F. Spangler of Jamestown, are spending a few days visiting with friends in the city.

MRS. WALSH ON VISIT. Mrs. Mary Walsh left this morning for St. Paul, Minn., to visit with relatives and friends for an indefinite time.

ANNOUNCE MARRIAGE. Mr. and Mrs. L. Black of Sweet Briar have announced the marriage of their daughter, Beth to Peter Yantzer, will take place June 25.

IMPROVING RAPIDLY. Mrs. P. H. Thordahl who recently underwent a serious operation at Bismarck hospital is reported improving rapidly.

GUEST OF MRS. LANGE. Mrs. Blanche Green of Alexandria, Minn., is spending a few days here as the guest of Mrs. George Lange.

ATTENDS SCHOOL MEETING. J. W. Riley, state school inspector, has gone to Ellendale to attend a meeting of school officers.

Postmaster in Hospital. J. W. Bagnell, assistant postmaster at Hender, has entered the St. Alexius hospital for treatment.

Injured in Fall. Mrs. John Thorpe, wife of the First Assistant Attorney General, sustained a dislocated shoulder and was badly bruised yesterday morning in a fall.

Returns from West. Harry Malm has returned after a three weeks trip in the west. His itinerary included Denver, Salt Lake City, Utah, and various cities along the Pacific coast. He drove a Chevrolet car and is enthusiastic over its staying powers through heavy roads and as a mountain climber.

St. Alexius Hospital. Mrs. Joe Lauinger, Strassburg, Miss Margaret Smith and Mrs. Dean Smith, both of city, have entered the St. Alexius hospital for treatment. Mrs. John Seidl, Solen, Miss Geneva Bailey, Tuttle, and Joachim Diedrich, Glen Ullin have been discharged from the hospital.

Discharge Hospital. Herbert Baisch, Hazen, Mrs. Charles Walchert, Glen Ullin, Ott Secor, Flasher, G. E. Reimers, Fulkirk, Paul Friess, city, Ethel and Hazel Brigner, Werner, and Leonard Hazzel, Parshall have entered the Bismarck hospital for treatment. Joseph H. Hoop, Napoleon, Oscar Olson, Plaza, E. A. March, Dunn Center, Mrs. J. D. Franklin, Douglas, and Master Edward Binder, Tuttle have been discharged from the hospital.

Dr. Staley Listed For Appointment. Dr. J. C. Staley of St. Paul, Minn., formerly of Bismarck and a brother of Charles Staley, has been decided upon by two of the three members of the county board of control as superintendent of the Ancker hospital of St. Paul, according to reliable information which has been received here.

Dr. Staley resided in Bismarck for a number of years, and for two or three years at the opening of the Duanecon hospital in Mandan was connected with it.

The board is to take definite action upon the appointment June 25. While there may be a change of sentiment before that time, those close to the board members felt confident Saturday that Dr. Staley would be named to succeed Dr. A. B. Ancker. There were six candidates in the field for the appointment. Dr. Staley has the endorsement of the Ramsey County Medical society.

Dr. Staley and his two sisters, Misses Catherine and Mary Staley are expected to accompany Mr. and Mrs. C. Staley and daughters, Esther, Ruth and Marian to Bismarck when they return from Minneapolis the latter part of this week. Mr. and Mrs. Charles Staley have been in Minneapolis to attend the graduation exercises at the University of Minnesota from which their daughter, Miss Esther graduated this week.

Popular Abroad

A new picture of Mrs. Elbert H. Gary, wife of the chairman of the U. S. Steel Corporation, who gained great popularity at social affairs during their trip abroad.

Boys Camping at Isabel Return

Jim Olson's team won the baseball league at Lake Isabel while the Bismarck boys were in camp there. The boys broke camp Monday noon.

Archie McGray's team came second, and Fred Landers third. Olson's team was composed of Jim Olson and Francis Kelly, batters, Dick Horner, first base; L. Anderson, second base; E. O'Hare, third base; short stop; Jim Gorman and Harold Yensley, Dick Register, left fielders; Arthur Donaldson, center field; H. Gausch and B. Quinn, right field. Six points separated the groups for first and third place in ten inspection contests.

While the Dawson Bible school had a picnic the boys assisted in directing the play. Incidentally they came in for some of the ice cream.

BAND INSTRUMENTS WANTED. The Bismarck City Band under auspices of Association of Commerce wants band instruments. Those having same for sale please communicate with L. C. Sorlein, Association of Commerce, Bismarck, N. D.

Troop 1 Returns From Camping Trip. A very successful camping trip was concluded by Troop 1 Boy Scouts at Heart River, six miles west of Mandan Saturday afternoon. Those who attended were:

Troop 1, Edgar, Crewe, Russell Le Barron, Ford Le Barron, Ralph Newcomb, Gordon Finwall, Manning Finwall, Ogden Ward, Barton Muir.

MacLeod Returns From Camp With 2nd Group of Boys. Bruce Wallace, Fred Hanson, Norman Nupen, and Glen Wallace. Troop 2: George E. Wallace, Jack Dingle, Arthur Nathan, Harry Lo-bach, others—Grant Knowles, Harold Armstrong.

Assistant Scout Master Fred Hanson and Bruce Wallace managed the camp, with committees in charge of the minor details.

Three scouts qualified for first class. Ford L. Barron, Russell Le Barron, and Ralph Newcomb. Tests were also taken by other scouts.

The last camp arrived at the camping site Monday morning at noon. Two squad tents and a pup tent had been put up in the morning. Dinner was immediately served, followed by a council of all the scouts.

The assistant explained the details of the management and emphasized strict adherence to the rules. After the council the camp was cleaned up, beds made, fireplaces set up, and grub tents pitched. At 4 o'clock the scouts took their first swim. Supper was eaten at six thirty, and the evening was spent in playing baseball. A short cannon fire was held and taps were blown at 10 o'clock. There was very little conversation due to the system of penalization.

The following days of the camping week were filled with out of door sports for the boys. Cayou and Gordon from Troop 2 came out Thursday morning and stayed until the next day at noon.

Swimming proved to be the most popular sport with the boys on the trip, much interest being shown in the 20 yard swim. Mr. Hanson held the record for the back swim with 15 seconds. Harold Armstrong 13-4 for the crawl.

The popularity of the camp is proved by the fact that five members of Troop 1A attended. This troop is a group of scouts who belong to Troop 1, but who are cut of town most of the year. Three of these scouts are from New York and two from Fargo.

Best natured—Bill Lenhart. Early Bird—Art Donaldson. Show note—Stan Marquette. Bird man—Fred Landers. Stinner—Ed. O'Hare. Fitty—Clayton Reeves. Best camper—Fat Jones. Big eater—Dick Horner. Sleepy head—Archie McGray. Best scout—Archie McGray. Best base ball player—Jim Olson. Camp grouse—Lorne Anderson. Pretty boy—Harold Nelson.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

MINNESOTA'S RESULTS
Governor Preus' nomination in Minnesota was a foregone conclusion and brings no thrill to the seasoned politicians who saw in the wide field of candidates a sure victory for the state machine.

Judge Hallam, former Governor Burnquist and Congressman Schall split the opposition while a few other minor candidates added ably in breaking up any possible combination against the Preus organization which evidently stood the test well.

Preus is the logical Republican candidate. It was known that Senator Nelson preferred him. He is also looked upon as the only man who can beat the radical element now under the banners of Magnus Johnson.

Senators Frazier, Ladd, La Follette, Townley and others together with Senator Shipstead will make a determined effort to put Johnson over. It doubtless will be a hard fight for Preus and those who believe in sound constitutional government should rally to his support despite the animosities stirred up by the recent battle.

The fact that the Farmer-Labor candidates for United States senator failed to poll their normal vote is not significant of any slump in the nonpartisan league stock. The vote over the entire state was far below par and in the ranks of the radicals there was a tacit agreement not to throw mud or to make it impossible for a harmonious union of forces in the election next month.

Governor Preus defeated Magnus Johnson for governor by slightly more than 14,000 votes last fall and his organization had a rather bad fright. The election of Shipstead has given the radicals a tighter organization than they had last fall. While the Democrats apparently stand little chance in Minnesota, they may be able to poll enough votes to place another radical in the United States senate. Preus is in far greater danger in facing Johnson for senatorial honors than he was in the state fight, for the national party of radicalism will bring their organization to Minnesota and flood the state with their most astute campaigners.

Magnus Johnson is well known to North Dakotans. For years he was the political wheelhorse of George Loftus—the forerunner of A. C. Townley. Johnson toured this state in 1910-1915 in the interests of the American Society of Equity and more especially to promote the Equity Exchange of St. Paul. He was one that tilted the soil for the victories of Townley, Wood, Brinton and the rest. He differs little from these men and the kind of campaign Preus faces is the same that North Dakotans have been struggling against for the past six years.

The forces of sane, orderly government in North Dakota wish Gov. Preus success in his campaign. He is a clean cut vigorous man and one who will be heard from if he is fortunate to stem the tides of radicalism in Minnesota.

FACT VERSUS UTOPIANISM

Chief Justice Taft in an opinion supported by a majority of the court has held that the much discussed Industrial Court statute of Kansas violates the freedom of contract and of labor. This merely reaffirms many of the points taken in a previous opinion holding the minimum wage law for the District of Columbia as unconstitutional.

This from the pen of the Chief Justice should bring some relief to the tired business man wrestling with walking delegates, wage scales and agreements.

"To say that a business is clothed with the public interest is not to import that the public may take over its entire management and run it at the expense of the owner. The extent to which regulation may reasonably go varies with different kinds of business. The regulation of rates to avoid monopoly is one thing. The regulation of wages is another. A business may be of such a character that only the first is permissible, while another may involve such a possible danger of monopoly on the one hand and such disaster from stoppage on the other that both come within the public concern and power of regulation."

Many attempts of the state to protect labor has been galling to labor also. In Kansas the Industrial Court has been the bane of the labor unions. Gompers has assailed the institution much from the same angle as the court now finds it to be unsound and inconsistent with the Fourteenth amendment of the federal constitution.

The recent decision in the Charles Wolf Packing company case is refreshing both to capital and labor. In 1921 this company was ordered by the supreme court of Kansas to obey an order of the Industrial Court fixing wages, hours and conditions of labor. The company resisted on the ground that the order deprived them of their property without due process of law. It also held that the order diminished the operating expenses of the company "against its will, notwithstanding the income of the company was and is sufficient to pay the costs of raw material and operating expenses, including wages to employees affected by such order."

JOB FOR THE BOY

Summer work for the student often bridges for him the gap that stands between him and an education. In some cities the Rotary, Lions and Kiwanis clubs are engaged in a "Job for the Boy and Girl for the Job Campaign." It is a most concrete and helpful work. Results are not wholly intangible as is so often the case in some welfare endeavor. In one city of Michigan the Rotary club acted as a clearing house to get the school boy a summer job so that he might earn money and be encouraged by his employer not to leave school.

The War Department through its training camps is performing a real service for the youth of the land. In Bismarck the local Rotary club has cooperated in securing boys best fitted in this county for that kind of training. These camps present unusual opportunities for the American boy and benefit America by improving man-power and in promoting peace and prosperity.

Women can vote in Italy now. They should count out for shorter spaghetti and less garlic.

The sun didn't go to college or Sunday school, but it seems to have about a hundred degrees.

ADVENTURE OF THE TWINS

By Olive Roberts Barton

"Tinkle Town!" called Mister Punch, the conductor man. "What a funny name!" exclaimed Nick.

"Couldn't be a better one," said Mister Punch, "for it's where the bells live. But here we are, kiddies. Jump off and see for yourselves." So the Twins hopped off the Choo-Choo Express and walked into Tinkle Town.

"How-do-dooh!" boomed a big bell shaking his head one way and then the other as he spoke. "I'm the fire-bell. Is there a fire? Is that what you came to see about?" "Oh, no!" said Nancy. "We came to see about—"

But before she could finish, another bell interrupted. "No doubt—they came—to go—to church!" he said jerkily. "I'm the church-bell!"

"No. That isn't it either," Nick spoke up. "We came to—"

"Tinkle! Tinkle! Tinkle!" went another bell before he could finish. "I know. They came to go to school as all good children should. I'm the school-bell!"

"No such thing!" declared a fourth. "They've come for dinner. Ding! Ding! Ding! I'm the dinner-bell and I should know."

"I don't believe it!" shouted another. "They've come to visit somebody. I'm the door-bell!"

"Ha-ha-ha! That's a good one," cried still another bell. "They've only come to see what time it is. I'm the clock-bell!"

"Get out!" Who should know better than I? They've come to telephone. I'm the telephone bell," said a new voice.

With all the bells talking at once there was such a noise the Twins couldn't have made any one hear if they tried.

So, taking hands, they ran back to the little train, leaving the silly bells quarreling behind them.

A THOUGHT

If any be a hearer of the word, and not a doer, he is like unto a man beholding his natural face in the glass; for he beholdeth himself, and goeth his way, and straightway forgetteth what manner of man he was.—Jas. 1:23, 24.

Every man has something to do which he neglects, every man has his faults to conquer which he delays to combat.—Johnson.

MOSQUITO TIME

TELEGRAM FROM SYDNEY CAR-TON TO JOHN ALDEN PRES-COTT

Can't possibly come until last of week. Sorry. Wish Leslie bon voyage for me. Letter from Leslie Prescott to Her Husband, John Alden Prescott. Arrived here safe and sound this morning, dear heart, but it never occurred to me that so much excitement—so much sensational surprise could be crammed into what I had considered would be a quiet ride on the night boat from Albany to New York.

As you know the moon now is at full and the night was insur-passable. I found what I thought was a secluded corner on the deck and sat down to think of you, dear. I had hardly begun to be happy in just this—of you, into my mind there had crept a little bit of verse.

The thought of you Creeps to me when I'm sad, And straight my tortured soul Awakens to be glad, For thoughts of you.

The thought of you Stems to me in my dreams, And turns the night to gold; For me the whole world seems Just thoughts of you.

The thought of you Springs to me in my bliss, And on my smiling lips I feel your magic kiss, Sweet thoughts of you.

The thought of you Is with me everywhere, To me its solace sweet

EVERETT TRUE BY CONDO

AND BEFORE THAT, MR. TOMKINS, YOU DID NOTHING BUT BEEF BECAUSE IT DIDN'T!! GET OUT THERE AND LET THAT SOAK IN!!!

FLOWING GOLD

Copyright 1923 by Bob Kane

BEGIN HERE TODAY
Calvin Gray hates Colonel Henry Nelson, banker. Gray is in love with Barbara Parker and Nelson tells her father, Tom Parker, that Gray has been dishonorably discharged from the army. Gray and his friend Gus Briskow, buy the controlling interest in Nelson's bank. At a meeting of the bank's directors, Gray declares that he was discharged from the army through the treachery of Henry Nelson and that later, having been found out, Nelson also was dismissed. Gray forces Nelson to admit the truth. Bud Belkows, son of Gus, meets Barbara Parker. Gray calls to propose marriage to Barbara.

NOW GO ON WITH STORY
"Finest in the world! I claim responsibility for him, in a way. He's part mine." Gray laughed; his eyes sparkling.
"Fine and 'Bob' are out there together. They've been together a lot, Mr. Gray. Both of 'em young, that away—"
"Of course, I knew you'd both like— Some quality in Tom's voice, some reluctant evasiveness, to his eyes, bore a belated message to the younger man—snapped his chain of thought—dried the words upon his lips. Into his eyes leaped a sudden strained incredulity. Sharply, he cried, "What do you mean?" Then, after an instant, "Why did he want to see me?" The two men gazed squarely at each other for the first time. "My God, why—that's absurd! I—I brought him here. He's just a boy!"

"I didn't notice how thing was going till it was too late. We might as well talk frankly, Mr. Gray. Probably it's well you saw me first, eh? Well, when I understood where they were heading, I worried a lot—after what you said that day, under-stand? But those two! Pshaw! It was like they had known each other always."

Then they've—settled it between them?
Tom nodded gravely. "She told me last night and from the way she told me, I know it's not just boy and girl love. She's been singing like a bird all day. And Buddy! He's breathless. I know how he feels. I couldn't draw a full breath for two weeks after 'Bob's' mother—"

Gray uttered a wordless, gasping cry. He moved unsteadily toward the door, then paused with his hand upon the knob. Tom Parker was surprised when, after a moment, he saw the man's shoulders shake and heard him utter a little, cackling laugh. "Time is a grim old joker, isn't he? No way of beating him, none at all. Now I thought I was young, but— Lucky I found you here and spared my vanity."

CHAPTER XXX

Ma Says a Prayer

Calvin Gray did not return to the bank. He went straight to his hotel and, as soon as he could sufficiently control himself to do so, he telephoned Gus Briskow, telling him that he was leaving town. Then he began mechanically to pack his bag. He moved like a man in a trance, for the blow had fallen so suddenly as to numb him; his only impulse was to escape, to hide himself from these people who, of a sudden, had become hateful.

When night came he took his bag and slunk out of the hotel, for it seemed that men must surely know what a fool he had made of himself. It would have been a relief to feel that he was leaving never to return; but even that was denied him, for, after his first panic, the truth had come home. He could not run away.

He thought of Ma Briskow, finally. She was human; she had a heart. He bought a ticket to Dallas. Ma Briskow's eyes were dim; nevertheless, she saw the change in Calvin Gray when, late the following afternoon, he came to see her. "Land sakes!" she exclaimed, in a shocked voice. "Pa never said you was ailing." Why, Mr. Gray!

"I'm not really ill," he told her, wearily. "Just old. I've had a bad night." Scenting himself he hid her couch, he took her hand in his and made her tell him all about herself. He had brought her some flowers, as usual, and extravagant gifts for her adornment—giving, it seemed, was his unconscious habit. While she admired them with ecstatic "Ohs!" and "Ahs!" he busied himself with bowls and vases, but Ma noted his fumbling uncertainty of touch and evident effort with which he kept up his assumption of good cheer. She told him, finally: "Something mighty bad has happened to you, Mr. Gray."

He gazed at her mutely, then nodded.

"Is it something about the—the Princess of Wichita Falls?" "Yes, Ma."

There was a long silence, then Ma inquired: "Would you like to tell me something about the little princess? Sometimes it helps, to talk." "N—not yet."

"Won't you stay an' have supper with Allie an' me? We're awful lonesome with Pa gone. Allie's out somers, but—it would do me good to know you was here an' it'll do you good to stay. You can rest yourself while I take my nap."

Ma Briskow did not wish to take the solace of his own thoughts just now, so, when he agreed, she sent him downstairs. Gray's brain, like his body, had grown tired and feverish. To be sure, little more than a day had gone by since he had sailed forth like a knight, but it seemed a year, an age, and every hour brought a new and keener distress. He found it possible now, for the first time, to relax a bit physically, so he closed his eyes and lay back in an easy chair while the twilight stole in upon him.

THE END.

SPORTS

GOTHAM CLUBS PULL AHEAD IN BIG LEAGUES

Both Giants and Yankees Win
And Again Widen Gap
Between Pursuers

Chicago, June 20. The New York Yankees added to the lead in the American League yesterday by taking a closely contested session from Detroit while both Philadelphia and Cleveland, battling for second place, lost. Walter Pipp got a homer in the seventh, sending Ruth, who had singled, in ahead of him for the deciding score.

The Giants improved their league standing when McQuillan twirled them to a 4 to 0 victory over the St. Louis Cardinals.

Cincinnati gained a notch on the Pittsburgh Pirates by taking a 1 to 0 game from Brooklyn in 11 innings. The Pirates and Boston were idle due to rain. League twirled his way to his seventh consecutive victory for the Reds, holding the Dodgers to five blows.

Philadelphia once came an early lead by scoring three runs in the eighth and defeated the Chicago Cubs, 5 to 3.

In the Americans the Chicago White Sox went on a batting rampage and defeated Philadelphia. Collins and Hooper of the Sox and Hauser of Philadelphia poked out homers.

Washington and Cleveland secured for the lead until the last of the ninth when the Senators showed over two tallies to win, although three of the Indians walloped out four-base hits during the contest.

Scheiber's hitting featured the victory of the St. Louis Browns over Boston, his three singles and one home run materially assisting the westerners. It was a hard hitting game the Browns, getting 19 blows and Boston 13.

HOT SERIES IS EXPECTED

Bismarck Players go to Minot
To Try and Pull Lead-
ers Down

Bismarck's baseball club opens a "crucial" series for it at Minot Thursday.

The series of five games continues through next Monday night. By winning a majority of the games the Bismarck club will pull Minot down and put itself within striking distance of first place. By winning all games the Capitals will go into first place.

Manager Shanley is none too optimistic, however, for two of his pitchers, Jennings and Bernier, did not go well in the New Rockford-Carrington series. Charley Boardman was hit freely at times, but this apparently because he let down after Bismarck had piled up a big lead. He won two games at New Rockford.

The Capitals will play at Minot in the new fairgrounds park, where concrete grandstand and bleachers are provided by the fair association.

The series at New Rockford-Carrington helped the batting averages of some of the Bismarck players, particularly Condon and Randall. These two, with Bernier, got four hits each in the famous 34 to 10 game which Bismarck won. The Bismarck team garnered 27 hits to 13 for the Twins. Bismarck had three errors to six for the Twins. In addition Pickering gave six bases on balls to four for Boardman so that the bases were loaded practically all the time.

Jerry Dunn, a Seattle pitcher, is expected to join New Rockford-Carrington soon.

Louie Guisto Had to Wait Long Time But Reward Finally Comes Around His Way at Last

HE'S CONTINUALLY RAISING
LITTLE CLOUDS OF DUST
AROUND FIRST - AND -

ALWAYS HUNTING
PEBBLES AND
THINGS IN PLAY

By NEA Service.

Cleveland, O., June 20.—Louis Guisto, giant first baseman for the Cleveland Indians, is a likely young infielder. He's a living example of the truth of the old saw about "everything comes to him who waits."

Waiting has been one of the best things Guisto has been called upon to do in his major league career.

For six years the California youth has aspired to be the regular first sacker for Cleveland. For six years Old Man Jinx has stuck as close to Guisto as his fielding mitt. But even a jinx came frozen out if a fellow is determined and he begins to get some decent breaks of luck.

Guisto's showing as a ball player at St. Mary's College in California was so flashy that he was quickly grabbed off by Walter McCredie of

the Portland Coast League team. A season's work there caused the Indians to bid for his services.

The youngster reported in 1917. Joe Harris, regular first sacker, hit at such a clip that Guisto only got in a few games before he went into the army.

Participating in the Argonne engagement with the famous "Wild West" Division of "Powder River" fame, Guisto was badly gassed. He recovered sufficiently to turn out for the Indians' 1919 training camp—but he couldn't stand the eastern climate, and was shipped back to California, where he finished the season with the Oakland club of the Coast League.

In 1920 and 1921, Guisto was called to the Cleveland training quarters, but in each instance was unable to stand the climate and was shipped back to Oakland.

When 1922 rolled around, Guisto had completely recovered from his war disability. He made the grade at the Cleveland camp, and what's more, he stuck all season.

But there was more disappointment. "Stuffy" McInnis had been purchased by the Indians, and Guisto had a fat chance of crowding him out of the regular lineup. He crippled a foot, too, to make matters worse. In the 24 games Guisto did get into last season he fielded .995, but he just below McInnis and Judge, who tied for first baseman's honors in the American League.

Release of McInnis this year made things brighter for Guisto. The race narrowed to Guisto and Frank Brower.

Now they're alternating, Guisto battling against right-handed pitchers.

the others are Beryl Mercer, who is well remembered for her performance on the New York stage in "The Old Lady Shows Her Medals," James Marcus, Wiland Leo Willis, Allen Holubar directed this big production for Goldwyn.

AT THE MOVIES

CAPITOL

It is easy to understand why "Broken Chains," the feature at the Capitol theater, won the first prize of ten thousand dollars in the scenario contest conducted by Goldwyn Pictures Corporation and the Chicago Daily News. This is an all-round fine production, intensely dramatic in theme, well cast and beautifully directed.

Malcolm McGregor, who attracted considerable attention for his fine work in "The Prisoner of Zenda," has the leading male role, that of a wealthy young Easterner, Peter Wyndham, who undergoes a spiritual regeneration and learns the meaning of courage through love. McGregor was a fine choice for this role, and he succeeds admirably in bringing out its psychological aspects.

Colleen Moore undoubtedly reaches the high point of her career in her characterization of the part of Mercy Boone, the girl wife of a brutal outlaw ranchman, played by Ernest Torrence. Torrence's performance is as magnificent a piece of screen villainy as we have ever seen, almost fearful in its realism.

The whole cast is a particularly strong one. The beautiful Claire Windsor, now under contract with Goldwyn, is a delight in the part of a New York society girl. Among

the others are Beryl Mercer, who is well remembered for her performance on the New York stage in "The Old Lady Shows Her Medals," James Marcus, Wiland Leo Willis, Allen Holubar directed this big production for Goldwyn.

THE ELTINGE

"Adam's Rib," a Cecil B. De Mille Paramount production featuring Milton Sills, Elliot Dexter, Theodore Kosloff, Anna Q. Nilsson, Pauline Garon and Julia Faye was shown at the Eltinge theater yesterday, and is the attraction for today and tomorrow, Wednesday and Thursday.

Pauline aron, in the role of Ma-thilda Ramsay, portrays the side of the modern girl directly opposite to the one seen in Mr. De Mille's "Manslaughter." A clean interesting plot with a vein of humor is a brief and complete criticism of this production. It carries over the interest started in the "modern girl" in "Manslaughter" by showing the girl as a real asset; going in other words the same thing that proved so successful in a series of divorce plays including "Why Change Your Wife" and "Don't Change Your Husband."

The original story of "Manslaughter" did not contain anything about the Roman bacchanal scene in that production, that was just an idea of the director's. Likewise in "Adam's Rib" does Mr. De Mille have a similar scene, that of the life of pre-historic man in the form of a vision. This is a most interesting addition

American Athletes Score Again Over British

In lacrosse this time. The Syracuse University team defeated the Oxford players in England in a series of games. One of the most picturesque players on the American team is V. K. Ross (right), an Indian chief, who plays in his native game while wearing the feathered headdress of his tribal rank. Picture at the left shows part of the American team in action.

to the regular story as were the corresponding scenes in "Manslaughter." The picture is massive and the support exceptionally brilliant.

MANDAN NEWS

County Plans To Meet New Law

Bids were received by the Morton County Commissioners from a number of different companies on an issue of \$150,000 Monday. This is being done as a result of the law passed by the recent session of the North Dakota legislature requiring that all counties be put on a cash basis and that each must provide for the budget system of expenditure estimates.

The bonds will be sold at par with an interest rate not exceeding five and a half percent. The money derived will be used in paying off all outstanding warrants and indebtedness of which the county is now paying seven per cent.

Under this new system each county draws up a budget of its estimated expenditures in each year and taxes are levied to meet the budget. No county officer, board, or department can issue warrants for payment of any accounts whatsoever except that the money be at hand to cover the warrant.

Sheriff Charles McDonald has gone to Dickinson to take into custody Don Froelich, who is held by Stark county officials. He was arrested late Monday near Richardson. Froelich is charged with grand larceny, committed in the theft of a Ford roadster from in front of the Lewis & Clark hotel Sunday night. The complaining witness was Joe Rippel of Huff.

Mr. and Mrs. E. J. Doyle of Milwaukee, and Mrs. B. L. Junod of Minneapolis, arrived in the city Monday for a visit at the home of Mr. and Mrs. H. H. Warren.

The Rotarians and their families will enjoy a picnic at Chautauqua park Wednesday evening.

Chas. G. Hughes, W. M., of Mandan lodge No. 8, has gone to Grand Forks to attend the session of the North Dakota Grand Lodge of Masons. E. A. Ripley, Grand Master, and E. W. Miller are also in attendance.

The Methodist Ladies Aid society will meet in the church parlors Wednesday, June 20 at 2:30 p. m. Mrs. J. R. Heater, L. F. Smith and W. R. Thatcher will be hostesses.

E. A. Ketter, secretary of the Mandan Commercial club, has returned with his bride, formerly Miss Mary McClellan of Grand Forks. Their marriage took place at St. Mary's Catholic church of Grand Forks Monday, June 11.

County Auditor and Mrs. Lee Nichols and son, Donald, started on an automobile trip to Minnesota today morning but were forced to return when five miles east of Bismarck, due to the muddy roads.

Mrs. J. R. Heater has as her guest for a few days Mrs. Sam Carroll of Dickinson.

Mr. and Mrs. Robert Neal, who have been guests for the past few weeks with their daughters, Mrs. John Heater and Mrs. L. F. Smith, and other relatives at Jamestown, left Saturday for their home at Seattle, Wash.

Atty. and Mrs. C. D. Cooley returned Sunday from a motor trip to Sioux Falls, S. D., where they have been visiting at the home of the former's parents.

Mrs. Louis Larson has returned from St. Paul, where she spent some time with her husband, who has been in a hospital there for several months. She reports that Mr. Larson is much improved and expects to return home soon.

John Froelich of the Service Motor Sales Co., has returned from a business trip to Minneapolis.

Robert Cohen, son of Sidney Cohen of the Arcade Variety store, a student at the University of Minnesota, returned to Mandan yesterday morning to spend the summer.

Mrs. H. Jess returned yesterday from Lafayette, Ind., where she has been attending the graduation exercises of the 1923 class of Purdue university of which her son, Leslie Harrison was a member. She was accompanied by her son, who will spend the summer here. Enroute home they were guests, for a few days of friends in Minneapolis.

A daughter was born Monday to Mr. and Mrs. Lawrence Peters at their home on Tenth Ave. N. W.

Emil Safstrom of the Connolly Motor Co., and Gerald Sullivan left Sunday morning by auto for the Twin Cities. The former will leave later for a visit with relatives in northern Wisconsin, and the latter will visit with his brother, Robert, at the Twin Cities and in Milwaukee.

A marriage license was issued Monday to Ross Geiger of Solen, and Stanislaus Vogel of Sweet Briar.

Jos. Bergeim, director of the Mandan Municipal band, declared that Glen Ullin would develop a fine municipal band with the coming year. Mr. Bergeim was in Glen Ullin Monday evening and will spend two days a week there directing the organization in addition to his work with the local band.

Frika Reuther, Jr., will lead the band, Steve Horst is president of the organization, and John Streitmatter, secretary-treasurer.

Paul Manship, American sculptor, recently finished a bust of Mary Pickford.

MILLIONAIRES' SONS IN RACE

When Yale meets Harvard in their annual boat races this month four millionaires' sons will be on the rival crews. J. S. Rockefeller (center) will pull an oar on the Yale Varsity crew; Henry S. Morgan (upper right) and F. Fiske (lower center) will be members of the Harvard Junior crew, and J. H. Whitney (upper left) will be in the Yale Freshman boat.

BOY WHO STOLE ENGINE SENT TO INSANE ASYLUM

Minot, June 20.—John Rainier, alias Mical Stec, aged 17, who stole a Great Northern engine at Berthold last Thursday and speeded it across the prairie to within a half mile of Hartland, where it stopped from lack of steam, was ordered committed to the state hospital at Jamestown for treatment.

The youth was a raving maniac when officers removed him from his cell to make repairs within to parts that had been damaged by Rainier. He had broken a piece from his bed and pushed all the glass out of the window in his cell. When he became out of control for a minute he lurched forward and struck another prisoner, a colored man, alongside the head. It was necessary to pin Rainier to the floor, in order to bring him under control.

Duffy Takes First Vacation

M. W. Duffy, deputy secretary of state, is taking his first vacation since he entered the office on April 1, 1918. Mr. Duffy has always shunned vacations, and has been absent from the office during that period only two days, that because of illness in his family. However, Mr. Duffy purchased a home in Bismarck last winter, and will utilize his vacation period in improving it.

WOOL GROWERS OF McLEAN CO. TO MEET SOON

The McLean County Wool Grower's Annual Picnic will be held Tuesday, June 26, at the A. B. Mellin farm six miles north and six miles west of Turtle Lake.

People are asked to bring cups and picnic lunch and come at noon. Coffee and cream will be served free by the local wool growers.

Dr. Coulter, President of the Agricultural College, will give an address after dinner. This will be Dr. Coulter's first visit to McLean County.

Local wool growers will speak on the following subjects:

Harry Schell, Washburn—Packing Wool Sacks.

J. H. Snippen, Roseglan—Cleaning up the Weeds with Sheep.

J. B. Sellen, Underwood—Hogging off Corn with Lambs.

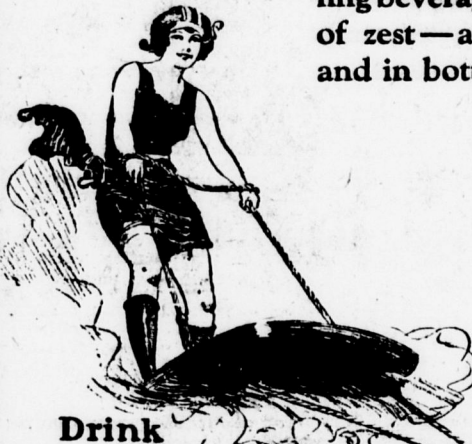

A sheep shearing contest, base ball game and horse shoe pitching contest will be staged. Each horse team should bring shoes. The winning team will be awarded a book on sheep raising.

TAKE LONG TRIP ON HORSEBACK

Williston, June 20.—Two young ladies living on a farm east of Williston left for a long trip on horseback last Monday to points in the state of Illinois. The plucky girls are Miss Dorothy Penman and Miss Nora Penman. Miss Dorothy has planned to teach school the coming winter in Illinois and Nora will attend a business college. They have taken a southern route and will visit friends in South Dakota and in other state before arriving at their destination.

NOTICE OF FIDELITY AND SURETY ADVERTISEMENT

Notice is hereby given that default has been made in the terms of that certain mortgage executed and delivered by William P. Kelley to the Sterling State Bank of Sterling, North Dakota, a corporation dated the 22nd day of November 1916 and filed for record in the office of the Register of Deeds of Burleigh County, North Dakota on the 25th day of November 1916 at 5 o'clock P. M. and recorded in book 138 of mortgages on the 26th day of November 1916, page 162 will be foreclosed by a sale of the premises described in such mortgage and hereinafter described at the front door of the Court house in the city of Bismarck in the county of Burleigh and state of North Dakota at the hour of 10 o'clock in the forenoon of the 20th day of July 1923 to satisfy the amount due upon such mortgage on the day of sale, such mortgage being in such mortgage and which will be sold to satisfy the same as described as follows to wit:

Northwest quarter (NW 1/4) of the southeast quarter (SW 1/4) of section fourteen (14) in township one hundred forty (140), north of range seventy six (76), west of the fifth principal meridian containing forty acres of land more or less according to the United States Government Survey thereof.

There will be due on such mortgage at the date of the sale the sum of \$329.10 in addition to the costs and expenses of sale, including attorneys fees.

Dated June 11, 1923. Sterling State Bank of Sterling, N. D. a corporation. Mortgagee.

F. E. McCurdy, Attorney for mortgagee, Bismarck, N. D. 6-12-19-23 7-3-10-17

NOTICE OF STATE BAR EXAMINATION

Notice is hereby given that the State Bar Board of the State of North Dakota will hold an examination at the County Court House, in the City of Grand Forks, State of North Dakota, commencing on the 10th day of July, 1923, for the purpose of examining applicants seeking admission to the bar of said state.

The following named have filed their applications for permission to take such examination:

Benson, Oscar B., Upham, North Dakota.

Fitzgerald, Lawrence Edward, Grand Forks, North Dakota.

Hanson, J. A., Minot, North Dakota.

Higgins, Milton K., Arnegard, North Dakota.

Krauth, Kurt H., Hebron, North Dakota.

Pierce, Earl B., Grand Forks, North Dakota.

Seese, Edward R., Grand Forks, North Dakota.

Smith, Leland J., Fargo, North Dakota.

Tennessee, Norman Gilbert, Fargo, North Dakota.

Weston, Ella A., Grand Forks, North Dakota.

Any objections to the participation of any of the above named candidates in the examination to be held as aforesaid, or their admission to the bar, if successful, should be filed with the undersigned, Secretary of the State Bar Board, not later than July 2, 1923.

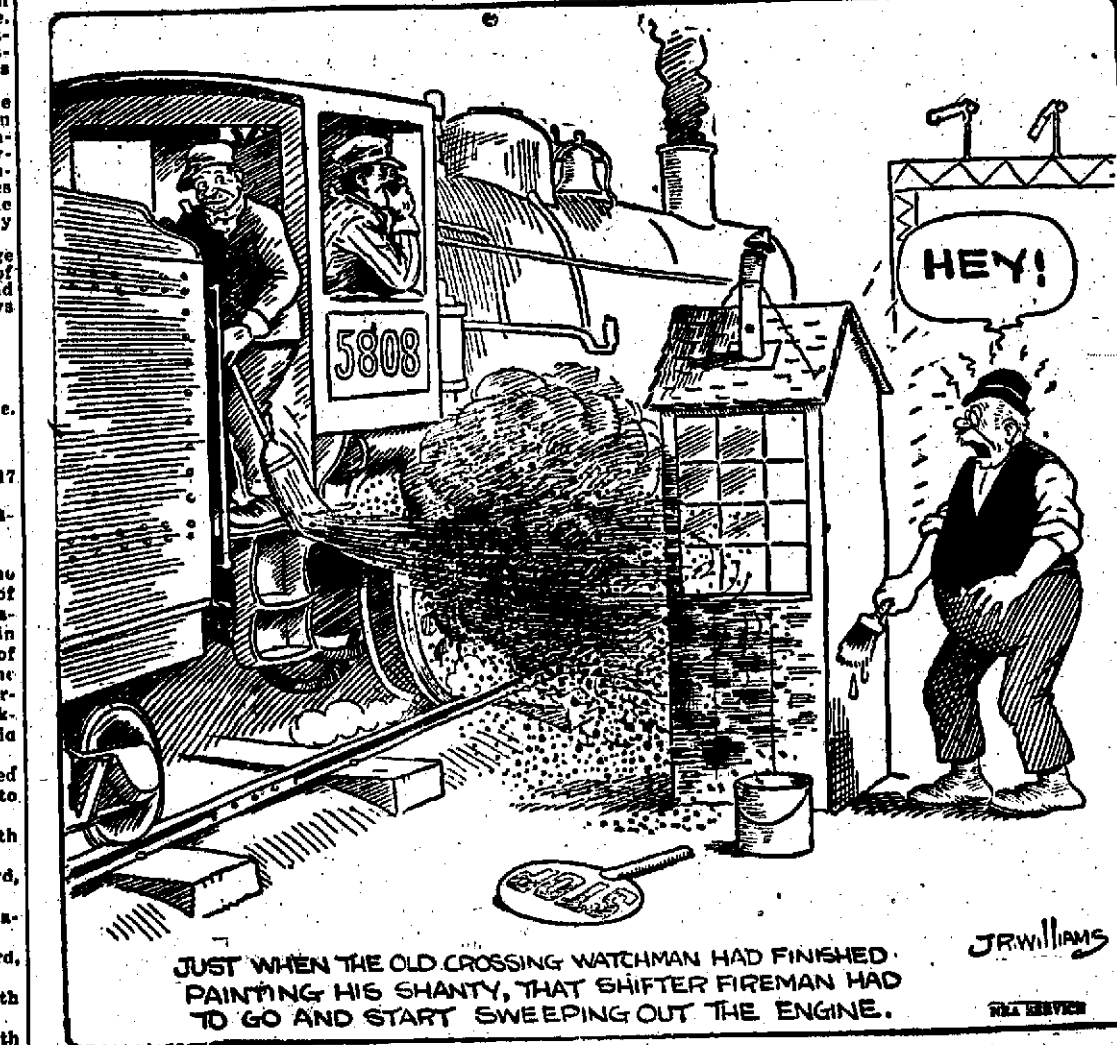

J. H. NEWTON, Clerk of the Supreme Court, State of North Dakota, and ex-officio Secretary of State Bar Board. 6-8, 15, 22, 29.

Plump Cheeks and Bright Smiles Mark Russian Children Saved by American Relief Administration

Children in Russia have learned to smile again. Among the youngsters in certain districts where the crops who are still being fed by American relief are now able to grow up with plump cheeks and bright smiles as they play and run about. These three young blue-eyed, whose tin dishes, wooden spoons, and fresh rolls baked from white American flour show plainly that they have just come from an American Relief Administration's kitchen. The photograph below reveals another phase of American relief in Russia. The famine this winter is not comparable to that of a year ago. The American Relief Administration, of which Herbert Hoover is chairman, has had to feed children in certain districts where the crops were poor and in governmental orphanages where suitable milk and fats needed by growing boys and girls for a balanced ration were not available. It will continue this feeding up to the next harvest, at least, and according to the best estimates available, 3,000,000 children will have to depend upon A. R. A. rations. A year ago before the harvest could be gathered the A. R. A. was feeding more than 10,000,000 children and adults in Russia.

Blind Sprinters Guide Selves With Wires

ROY HARLAN (TOP) SHOWS HOW BLIND RUNNERS GUIDE THEMSELVES. BELOW: THE FINISH.

They've crossed the tape! The race is over! Spectators applaud. But the runners don't hear. Then a slap on the back.

They've won! And tense countenances break into smiles.

A wire, a ring and a handle guide each man down the course. The contestants sprint one at a time. Their times are then compared.

Some of the men are remarkable physical specimens. And the athletic events, inaugurated by Superintendent T. S. McAloney, help while away monotonous hours and let little rays of sunshine penetrate the eternal darkness of their lives.

NARROW HEMLINE

A gown that satisfies the present for pleated flounces and yet retains a narrow hemline has the two flounces arranged tunic fashion over a tight underskirt which shows just a few inches.

ONE-SIDED EFFECTS

One-sided effects were featured at a recent fashion display in Lonsdale speed these sightless athletes, don. One gown that attracted much on, on, on they go until their feet are flapping against and one that was short and tight fitting.

By NEA Service

Colorado Springs, Colo., June 19. —Imagine blind men running the 100-yard dash. Pretty hard to conceive, it must be granted.

But they're doing it here at the Colorado School for the Deaf and Blind.

Down a track of Stygian darkness, these sightless athletes, don. One gown that attracted much on, on, on they go until their feet are flapping against and one that was short and tight fitting.

DO THESE TRIPLETS LOOK ALIKE?

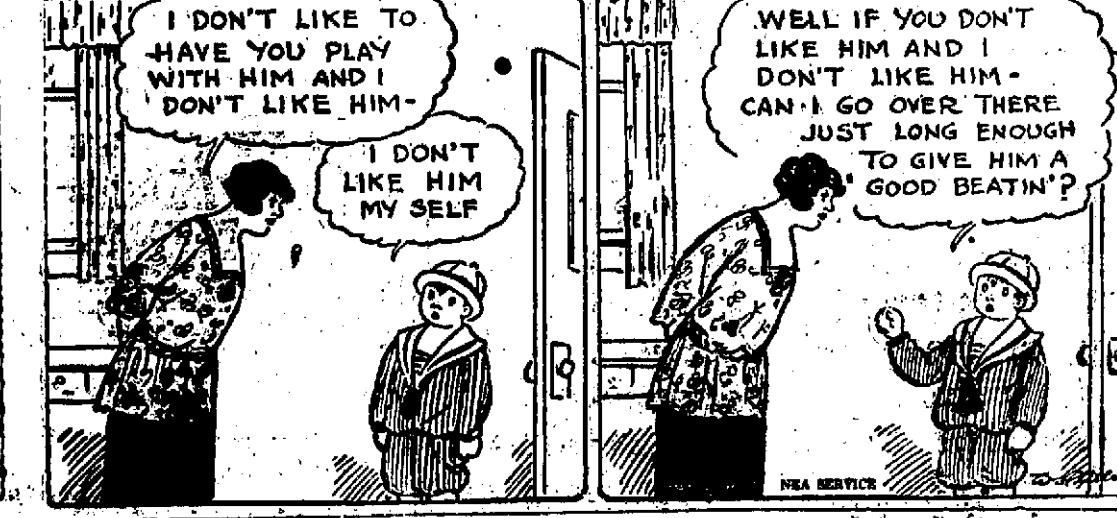

James, Lowry and William Guffey, of McKeesport, Pa., are triplets even if they don't look it. They have gone through school together, have been graduated together and hope to go through the University of Pittsburg law school together.

SPORTS

GOTHAM CLUBS PULL AHEAD IN RIC-LEAGUES

Both Giants and Yankees Win And Again Widen Gap Between Pursuers

CINCINNATI, June 20.—The New York Yankees added to the lead in the American League yesterday by taking a closely contested session from Detroit while both Philadelphia and Cleveland, battling for "second place," lost. Walter Pipp got a homer in the seventh, sending Ruth, who had singled, in ahead of him for the deciding score.

The Giants improved their league standing when McQuillan twisted them to a 4 to 0 victory over the St. Louis Cardinals.

Cincinnati gained a notch on the Pittsburgh Pirates by taking a 1 to 0 game from Brooklyn in 11 innings. The Pirates and Boston were idle due to rain. Luque twisted his way to his seventh consecutive victory for the Reds, holding the Dodgers to five blows.

Philadelphia overcame an early lead by scoring three runs in the eighth and defeated the Chicago Cubs, 5 to 3.

In the Americans the Chicago White Sox went on a hitting rampage and defeated Philadelphia, Collins and Hooper of the Sox and Hauer of Philadelphia poked out homers.

Washington and Cleveland secured for the lead until the last of the ninth when the Senators showed off two tallies to win, although four of the Indians whalloped out four or six hits during the contest.

Schubert's hitting featured the victory of the St. Louis Browns over Boston, his three singles and one home run materially assisting the winner. It was a hard hitting game, the Browns getting 19 blows and Boston 13.

HOT SERIES IS EXPECTED

Bismarck Players go to Minot To Try and Pull Leaders Down

Bismarck's baseball club opens a "round" series for it at Minot Thursday.

The series of five games continues through until Monday night. By winning a majority of the games the Bismarck club will pull Minot down and put itself within striking distance of first place. By winning all games the Capitals will go into first place.

Manager Shanley is none too optimistic, however, for two of his pitchers, Lanning and Bernier, did not go well in the New Rockford-Carrington series. Charley Boardman was hit fairly at times, but the apparently because he let down after Bismarck had piled up a big lead. He won two games at New Rockford.

The Capitals will play at Minot in the new fairgrounds park, where concrete grandstand and bleachers are provided by the fair association. The series at New Rockford-Carrington helped the batting averages of some of the Bismarck players, particularly Condon and Randall. Those two, with Bernier, got four hits each in the famous 24 to 10 game which Bismarck won. The Bismarck team garnered 27 hits to 13 for the Twins. Bismarck had three errors to six for the Twins. In addition Pickering gave six bases on balls to four for the Twins so that the bases were loaded practically all at times.

Jerry Dunn, a Seattle pitcher, is expected to join New Rockford-Carrington soon.

Louie Guisto Had to Wait Long Time But Reward Finally Comes Around His Way at Last

By NEA Service.

CLEVELAND, O., June 20.—Louie Guisto, giant first baseman for the Cleveland Indians, is a likely young infielder. He's a living example of the truth of the old saw about "everything comes to him who waits."

Waiting has been one of the best things Guisto has been called upon to do in his major league career. For six years the California youth has waited to be the regular first sacker for Cleveland. For six years Old Man Jinx has stuck as close to Guisto as his fielding mitt. But even a Jinx can be frozen out if a fellow is determined and he begins to get some decent breaks of luck.

Guisto's showing as a ball player at St. Mary's College in California was so flashy that he was quickly grabbed off by Walter McCredie of the Portland Coast League team. A season's work there caused the Indians to bid for his services.

The youngster reported in 1917. Joe Harris, regular first sacker, hit at such a clip that Guisto only got in a few games before he went into the army.

Participating in the Argonne engagement with the famous "Wild West" Division of "Powder River" fame, Guisto was badly gassed. He recovered sufficiently to turn out for the Indians' 1918 training camp, but he couldn't stand the eastern climate, and was shipped back to California, where he finished the season with the Oakland club of the Coast League.

In 1920 and 1921, Guisto was called to the Cleveland training quarters, but in each instance was unable to stand the climate and was shipped back to Oakland.

When 1922 rolled around, Guisto had completely recovered from his war disability. He made the grade at the Cleveland camp, and what's more, he stuck all season.

But there was more disappointment. "Stuff" McInnis had been purchased by the Indians, and Guisto had a fat chance of crowding him off the regular lineup. He crippled a foot, too, to make matters worse. In the 24 games Guisto did get into last season he fielded .995, or just below McInnis and Judge, who tie for first basemen's honors in the American League.

Release of McInnis this year made things brighter for Guisto. The race narrowed to Guisto and Frank Brower.

Now they're alternating. Guisto batting against right-handed pitchers, the others are Beryl Mercer, who is well remembered for her performance on the New York stage in "The Old Lady Says Her Medals," James McLaughlin and Leo Willis.

Allen Holubar directed this big production for Goldwyn.

— THE ELTINGE —

"Adam's Rib," a Cecil B. De Mille Paramount production featuring Milton Sills, Elliot Dexter, Theodore Kosloff, Anna Q. Nilsson, Pauline Garon and Julia Faye was shown at the Eltinge theater yesterday, and is the attraction for today and tomorrow, Wednesday and Thursday.

Pauline Garon, in the role of Johnnie Ramsay, portrays the side of the modern girl directly opposite to the one seen in Mr. De Mille's "Manslaughter." A clean interesting plot with a vein of humor is a brief and complete criticism of this production. It carries over the interest started in the "modern girl" in "Manslaughter" by showing the girl as a real asset; going in other words the same thing that proved so successful in a series of divorce plays including "Why Change Your Wife?" and "Don't Change Your Husband."

The original story of "Manslaughter" did not contain anything about the Roman bacchanal scene in that production, that was just an idea of the director. Likewise in "Adam's Rib" Mr. De Mille has a similar scene, that of the life of prehistoric man in the form of a vision. This is a most interesting addition

RESULTS

Chicago 12; Philadelphia 3.
New York 6; Detroit 5.
St. Louis 12; Cleveland 6.
Washington 7; Cleveland 6.

AT THE MOVIES

CAPITOL
It is easy to understand why "Broken Chains," the feature at the Capitol theater, won the first prize of ten thousand dollars in the scenario contest conducted by Goldwyn Pictures Corporation and the Chicago Daily News. This is an all-around fine production, intensely dramatic in theme, well cast and beautifully directed.

Malcolm McGregor, who attracted considerable attention for his fine work in "The Prisoner of Zenda," has the leading male role, that of a wealthy young Easterner, Peter Wyndham, who undergoes a spiritual regeneration and learns the meaning of courage through love. McGregor was a fine choice for this role, and he succeeds admirably in bringing out its psychological aspects.

Colleen Moore undoubtedly reaches the high point of her career in her characterization of the part of Mercy Boone, the girl wife of a brutal outlaw ranchman, played by Ernest Torrence. Torrence's performance is as magnificent a piece of screen villainy as we have ever seen, almost fear-inspiring in its realism.

The whole cast is a particularly strong one. The beautiful Claire Windsor, now under contract with Goldwyn, is a delight in the part of a New York society girl. Among

American Athletes Score Again Over British

In lacrosse this time. The Syracuse University team defeated the Oxford players in England in a series of games. One of the most picturesque players on the American team is V. K. Ross (right), an Indian chief, who plays in his native game while wearing the feathered headdress of his tribal rank. Picture at the left shows part of the American team in action.

MANDAN NEWS

County Plans To Meet New Law

Bids were received by the Morton County Commissioners from a number of different companies on an issue of \$150,000 Monday. This is being done as a result of the law passed by the recent session of the North Dakota legislature requiring that all counties be put on a cash basis and that each must provide for the budget system of expenditure estimates.

The bonds will be sold at par with an interest rate not exceeding five and a half percent. The money derived will be used in paying off all outstanding warrants and indebtedness of which the county is now paying seven per cent.

Under this new system each county draws up a budget of its estimated expenditures in each year and taxes are levied to meet the budget. No county officer, board, or department can issue warrants for payment of any accounts whatsoever except that the money be at hand to cover the warrant.

Sheriff Charles McDonald has gone to Dickinson to take into custody Don Froelich, who is held by Stark county officials. He was arrested late Monday near Richardson. Froelich is charged with grand larceny, committed in the theft of a Ford roadster from in front of the Lewis & Clark hotel Sunday night. The complaining witness was Joe Rippe of Huff.

Mr. and Mrs. E. J. Doyle of Milwaukee, and Mrs. E. J. Junod of Minneapolis, arrived in the city Monday for a visit at the home of Mr. and Mrs. H. H. Warren.

The Rotarians and their families will enjoy a picnic at Chautauque park Wednesday evening.

Chas. G. Hughes, W. M., of Mandan lodge No. 8, has gone to Grand Forks to attend the session of the North Dakota Grand Lodge of Masons. E. A. Ripley, Grand Master, and E. W. Miller are also in attendance.

The Methodist Ladies Aid society will meet in the church parlors Wednesday, June 20 at 2:30 p. m. Meses. J. R. Heister, L. F. Smith and W. R. Thatcher will be hostesses.

E. A. Ketter, secretary of the Mandan Commercial club, has returned with his bride, formerly Miss Mary McClellan of Grand Forks. Their marriage took place at St. Mary's Catholic church of Grand Forks Monday, June 11.

County Auditor and Mrs. Lee Nichols and son, Donald, started on an automobile trip to Minnesota today morning but were forced to return when five miles east of Bismarck, due to the muddy roads.

Mrs. J. R. Heister has as her guest for a few days Mrs. Sam Carroll of Dickinson.

Mr. and Mrs. Robert Neal, who have been gone for the past five weeks, returned to their daughters, Mrs. John Heister and Mrs. L. F. Smith, and other relatives at Jamestown, left Saturday for their home at Seattle, Wash.

Atty. and Mrs. C. D. Cooley returned Sunday from a motor trip to Sioux Falls, S. D., where they have been visiting at the home of the former's parents.

Mrs. Louis Larson has returned from St. Paul, where she spent some time with her husband, who has been in a hospital there for several months. She reports that Mr. Larson is much improved and expects to return home soon.

John Froelich of the Service Motor Sales Co., has returned from a business trip to Minneapolis.

Robert Cohen, son of Sidney Cohen of the Arcade Variety store, a student at the University of Minnesota, returned to Mandan yesterday morning to spend the summer.

Mrs. E. Jeas returned yesterday from Lafayette, Ind., where she has been attending the graduation exercises of the 1923 class of Purdue university of which her son, Leslie Harrison was a member. She was accompanied by her son, who will spend the summer here. Enroute home, they were guests for a few days of friends in Minneapolis.

A daughter was born Monday to Mr. and Mrs. Lawrence Peters at their home on Tenth Ave. N. W.

Emil Safstrom of the Connolly Motor Co. and Gerald Sullivan left Sunday morning by auto for the Twin Cities. The former will leave later for a visit with relatives in northern Wisconsin, and the latter will visit with his brother, Robert, at the Twin Cities and in Milwaukee.

A marriage license was issued Monday to Rosa Geiger of Solon, and Stanislaus Vogel of Sweet Brian.

Joe Bergheim, director of the Mandan Municipal band, declared that Glen Ullin would develop a fine municipal band with a fine coming year. Mr. Bergheim was in Glen Ullin Monday evening and will spend two days a week there directing the organization in addition to his work with the local band.

Fritz Reuther, Jr., will lead the band; Steve Horst is president of the organization, and John Streitmatter, secretary-treasurer.

Paul Wanship, American sculptor, recently finished a bust of Mary Pickford.

MILLIONAIRES' SONS IN RACE

When Yale meets Harvard in their annual boat races this month four millionaires' sons will be on the river crews. J. S. Rockefeller (center) will pull an oar on the Yale varsity crew; Henry S. Morgan (upper right) and F. Piske (lower center) will be members of the Harvard Junior crew, and J. H. Whitney (upper left) will be in the Yale Freshman boat.

WOOL GROWERS OF McLEAN CO. TO MEET SOON

The McLean County Wool Grower's Annual Picnic will be held Tuesday, June 26, at the A. B. Mellin farm six miles north and six miles west of Turtle Lake.

People are asked to bring cups and picnic lunch and come at noon. Coffee and cream will be served free by the local wool growers.

Dr. Coulter, President of the Agricultural College, will give an address after dinner. This will be Dr. Coulter's first visit to McLean County.

Local wool growers will speak on the following subjects:

Harry Schell, Washburn-Packing Wool Sacks.

J. H. Snippen, Roseglan-Cleaning up the Weeds with Sheep.

J. B. Sellen, Underwood-Hogging off Corn with Lambs.

A sheep shearing contest, base ball game and horse shoe pitching contest will be staged. Each horse team should bring shoes. The winning team will be awarded a book on sheep raising.

TAKE LONG TRIP ON HORSEBACK

Williston, June 20.—Two young ladies living on a farm east of Williston left Monday for a long trip on horseback last Monday to points in the state of Illinois. The plucky girls are Miss Dorothy Penman and Miss Nora Penman. Miss Dorothy has planned to teach school the coming winter in Illinois and Nora will attend a business college. They have taken a southern route and will visit friends in South Dakota and in other state before arriving at their destination.

BOY WHO STOLE ENGINE SENT TO INSANE ASYLUM

Minot, June 20.—John Rainier, alias Mical Stec, aged 17, who stole a Great Northern engine at Berthold last Thursday and speeded it across the prairie to within a half mile of Hartland, where it stopped from lack of steam, was ordered committed to the state hospital at Jamestown for treatment.

The youth was a raving maniac when officers removed him from his cell to make repairs within to parts that had been damaged by Rainier. He had broken a piece from his bed and pushed all the glass out of the window in his cell. When he became out of control for a minute he lashed forward and struck another prisoner, a colored man, alongside the head. It was necessary to pin Rainier to the floor, in order to bring him under control.

Duffy Takes First Vacation

M. W. Duffy, deputy secretary of state, is taking his first vacation since he entered the office on April 1, 1918. Mr. Duffy has always shunned vacations, and has been absent from the office during that period only two days, that because of illness in his family. However, Mr. Duffy purchased a home in Bismarck last winter, and will utilize his vacation period in improving it.

Reaching all Classes of Buyers

Tribune Advertising

Every successful merchant and manufacturer advertises. That's one of the main reasons they have succeeded—they'll tell you so themselves.

For local advertising The Bismarck Tribune is the best possible medium—going into hundreds of homes of all classes—homes that constitute the buyers you wish to reach.

Watch the ads in The Tribune and see the advertisers who voice their agreement by using its columns.

T. R. ATKINSON GIVEN TRIBUTE BY ROTARIANS

Boys' Welfare Work Discussed
at Luncheon of Club—
Kiwanis Welcomed

Rotarians paid a fine tribute today to T. R. Atkinson, city engineer, for his work in connection with the purchase of the Bismarck Water Supply company's plant and his general work in behalf of a municipally owned plant for the city. Each Rotarian stood up and three cheers and a tiger were given for "Tim."

Dr. E. P. Quinn was spokesman of the occasion. He said that he believed that 99 per cent of the city was with City Engineer Atkinson in his work for a better water supply for the city. He declared that this tribute was in recognition of his services to the city during the last two years. He referred to Maine, the Pine Tree State, as the home of Mr. Atkinson, stating that the city engineer in his career here had to have some of the hard attributes of that tree which often had its best growth in face of opposition and even barren soil. At the conclusion of his remarks he presented Mr. Atkinson with a miniature pine tree.

At the same time, the work of the city commission was praised as well as that of the special citizens committee. Mr. Atkinson responded feelingly and gave credit to his co-workers in the project of securing an adequate water supply for Bismarck.

T. R. Atkinson had as his guest W. G. Black of the state highway commission who has become a resident of Bismarck.

The establishment of a Kiwanis club was welcomed by the Rotary club which had as its guests Walter C. Mumpston, Chicago, International Representative of Kiwanis, Eric Thorberg, secretary of the local club as well as Spencer Boies, treasurer. The club will be installed formally next Thursday at the McKenzie hotel.

Mr. Mumpston urged cooperation with the Kiwanis club declaring that from a survey of the city he was impressed with the field here for such a club. Bismarck is now represented in the Rotary, Lions and Kiwanis organizations.

Boys' welfare work taken on as a Rotary venture but supported generally by the citizens of Bismarck held the center of the stage today. L. S. Craswell presided and explained the scope of the work. Teams started out today to raise the 1923 quota for the work. J. J. M. MacLeod has done a fine work among the boys of the city and the project is being well supported by the people of Bismarck.

George Duemeland told of his experience in a Milwaukee Rotary meeting. Bob Webb gave an interesting address on Rotary ethics. A telegram was received from J. L. Bell who is attending the St. Louis convention of International Rotary in which he stated that a most interesting session was in progress.

A letter was received from Jack Whitney resigning from Rotary club as he expects to be gone from the city all summer and in the fall enter a new line of business. The

A Perfect Dive by a Perfect Baby

Just before taking this high dive into the pool at a New York amusement park, Jackie Ott, four-year-old winner of five "perfect baby" contests, shows his record-breaking three-inch chest expansion. Jackie hails from Miami, Fla. He stopped over in the big town while on his way to his summer training camp in the country.

classification for this business is filled now in the local club.

Prof. Saxvig introduced Mr. Sorlein who has been secured by the city to direct the work of organizing a juvenile and adult band.

NOMINEES IN MINNESOTA BEGIN WORK

Plan Active Campaign Until
The Election To Be
Held July 16

St. Paul, June 20.—Nominees of the three major parties in Minnesota who will seek the United States senatorship at the July 16 election began active preparations for a vigorous campaign. The candidates are Governor J. A. O. Preus, Republican; Magnus Johnson, Farmer-Labor; and James A. Carley, Democrat, nominated in Monday's primary, and the successful man will succeed the late anate Nelson.

BERGDOLL TO BE RELEASED?

Leavenworth, Kan., June 20.—Erwin Bergdoll, wealthy Philadelphia draft evader, was released from the United States Disciplinary Barracks and immediately turned over to the United States marshal of Topeka today. The marshal said he had a warrant charging Bergdoll with conspiracy to violate the draft laws.

Leavenworth, Kan., June 20.—Provided by the government with a new suit of clothes and \$20 in money Erwin Bergdoll, wealthy Philadelphia draft evader, was prepared to quit the barracks at Fort Leavenworth. His liberty, if gained, however, was threatened with speedy curtailment by a warrant which has been issued for his arrest at the barracks for alleged conspiracy to evade the draft. His release was set for 2 p. m.

Bergdoll had served two years and 10 months of a 40-year sentence. Good behavior won 14 months for him.

WILL QUIZ SALESMEN

Chicago, June 20.—Instructions today were telegraphed from the state attorney's office here to assistant states attorney Charles Wharton, now at Clifton, to bring to Chicago B. H. Rouw, the San Francisco traveling salesman, who

claims to have seen several youths put another, supposed to be Leighton Mount, missing Northwestern University freshman, under an Evanston pier in 1921.

MANDAN MAN HEADS ELKS

Devils Lake, N. D., June 20.—H. K. Jensen of Mandan was elected president of the North Dakota Elks Association, and Mandan was select-

ed as the 1924 convention city at the business meeting held here yesterday in connection with the annual state convention and Elks homecoming. William Brodick of Williston was elected secretary-treasurer and F. A. Brown of Grand Forks was re-elected trustee. The meeting will close tonight.

Oats poisoned with strychnine successfully eliminate groundhogs.

Three GRAND PRIZES

Will Be

GIVEN AWAY NEXT SATURDAY, THE LAST DAY OF JUBILEE WEEK, TO THE PERSON GUESSING NEAREST TO THE TIME IT TAKES AN OVERLAND RED BIRD TO USE ONE-HALF PINT OF GASOLINE WHILE RUNNING ON THE STREETS OF BISMARCK.

Here's The Route

Starting at the corner of 4th and Thayer Streets in front of our building, the Overland Red Bird will travel west on Thayer street to Second street, thence south to Broadway—thence east to Ninth street, thence south to Main street, thence west to Second street, thence North to Broadway, thence over Broadway to 9th and over Main to Second, making the square over these streets until the gasoline is exhausted.

A one-half pint glass jar will be used to hold the gasoline. THIS IS NOT a gasoline mileage test, but simply a guessing contest offering an opportunity for some three persons to win valuable prizes and incidentally furnish a little fun in celebrating The Last Day of

JUBILEE WEEK!

In Celebration of the One Millionth WILLYS-OVERLAND AUTOMOBILE

HERE ARE THE PRIZES

FIRST PRIZE: A \$75.00 certificate good for that amount on the purchase of an Overland or Willys-Knight any time during 1923.

SECOND PRIZE: \$25.00 in cash.

THIRD PRIZE: \$10.00 in cash.

FILL IN THE COUPON

—or write your guess and your name on a plain piece of paper and deposit either in the Guessing Box in our Show Room. This box is locked and the key is in charge of the Hon. Judge A. M. Christianson who will open the box Saturday evening after the guessing contest, and announce the winners.

CAR WILL START AT 3:30 P. M.

IN THE MEANTIME

We are celebrating Jubilee Week with

25% Off

on Goodyear Tires

Piles Can Be Cured Without Surgery

An instructive book has been published by Dr. A. S. McCleary, the noted rectal specialist of Kansas City. This book tells how sufferers from Piles can be quickly and easily cured without the use of knife, scissors, "hot" iron, electricity or any other cutting or burning method, without confinement to bed and no hospital bills to pay. The method has been a success for twenty-four years and in more than eight thousand cases. The book is sent post-paid free to persons afflicted with piles or other rectal troubles who clip this item and mail it with name and address to Dr. McCleary, 1542 Parkway Sanitarium, Kansas City, Mo.
